TITLE: APPROVAL FOR THE PURCHASE OF REPLACEMENT DATA STORAGE EQUIPMENT FOR DISTRICT-WIDE SECURITY CAMERAS

Business & Facilities
Consent # 8

March 10, 2026

Prepared by: Ron Todo, Associate Superintendent
Business & Facilities

Background Information

The Simi Valley Unified School District purchased Data Storage Equipment for our security cameras in May of 2018 utilizing Measure X Bond funds. This data storage equipment has performed well and provided valuable storage of video footage collected for various incidents throughout the years. However, our data storage equipment is reaching End of Life by the manufacturer in January of 2027. New data storage equipment is necessary to continue to store our security camera video footage.

Fiscal Analysis

The projected cost of the equipment is $850,252.94. This Data Storage Equipment comes with a five-year warranty. A valid cooperative purchasing agreement or other "piggyback" agreement will be utilized. This expenditure will be funded with Measure X Bond funds.

The Board of Education adopted Resolution No. 01-25/26, Participating in Bids/Contracts of Other Public Corporations and Agencies Throughout the 2025-2026 Fiscal Year, at the June 10, 2025 Board Meeting.

Recommendation

It is recommended that the Board of Education approve the purchase of this replacement data storage equipment.

On motion # 127 by Trustee Jubran, seconded by Trustee Resnick and carried by a vote of 5/0, the Board of Education approved, by roll-call-vote, the purchase of Replacement Data Storage Equipment For District-Wide Security Cameras.
