SCIENCE
Science lets us be curious about the world around us. We can explore our questions about how and why things happen through science.

TECHNOLOGY
Technology lets us use our knowledge to discover new tools and devices.

ENGINEERING
Engineers design and create everything from buildings to computer apps. They want to know how and why things work.

ART
Art lets us be creative. We can also learn about our history and culture through art.

MATHEMATICS
Math is the study of numbers, shapes, and patterns. We use it every day, in activities such as baking.

What is Courage?

Courage is the ability and strength to face something that may be difficult or challenging. Courage is not the absence of fear but rather perseverance in the presence of fear and the willingness to stand up for what is right or try something new, even though it may be uncomfortable or uncertain.

Jonathan Miller, author and illustrator of The Adventures of Sammy the Wonder Dachshund, is visiting your child's school! *Sammy's Family Tree Vol. 1*, *Sammy in Space*, *Sammy on Safari*, and *Sammy's Last Week in Charleston* star a daring dog who works as a fact-checker for the Internet. Miller created each illustration by cutting and layering construction paper in a process that can take 30 hours per page.

A resident of Charleston, South Carolina, Miller has spent more than a decade visiting schools around the country, reading his books, sharing original artwork, and discussing the writing process. Miller has been featured on ETV as well as in a variety of podcasts and publications, including Vineyard Vines' Summer Catalog. Learn more at sammydogbooks.com.
