Some buses came at 8:30, which is our start time with students. Our midday Pre-K/K pickup was not clear for parents. This is an issue we noted so we can improve this next year.	Staff supported our students' emotional needs and there were few first day tears. Our veteran staff supported our new staff members, which helped them to enter their new roles flawlessly. Everyone stepped up to make sure both arrival and dismissal went as smoothly as possible. Our master/specialist schedules allowed for increased uninterrupted instructional time and positive transitions.	Pollard school had an exceptional school day! We used our new social vision statement, "Pollard penguins S.W.I.M." (Stay safe, Work it out, Independent learners, Make good choices) to guide our day. This allowed us to avoid many of the typical bumps associated with the first day of school. We are sure the 2019-2020 school year will go swimmingly for our Pollard penguin community!
