# Executive Summary

## Parent Drop Off Area at Middle School Improvements

A concern was raised regarding the traffic flow and safety of students.

### Tasks Completed to Date

1. Review of current conditions
2. Held meeting with High School and Middle School Administration along with School Resource Officer
3. Established project to improve traffic flow
4. Discussed at District Safety Committee
5. Document solutions

### Conclusion

In order to improve safety of our students and in an effort to maintain a steady flow of traffic, the following will be implemented by April 29, 2019:

1. Traffic delineators will be purchased and placed in key areas (See supporting documentation)
2. A “loading zone” painted sidewalk will be installed (See supporting documentation)

**This information will be communicated to parents on Friday, April 19.**
