

## **TRSB – Petition against the Combination of the Middle School and High School Students on the District School Buses**

Hello,

My name is Billie Hester, I am a Mom of two Danville Elementary School Students.

Before I dive into this, I would like to say thank you to each of you for sitting in the seats you are. Your job is not an easy one. I appreciate and respect that you are here for our children.

On March 25, 2019, I launched a petition against the combination of the middle and high school buses.

**The petition has sparked a great deal of attention over social media and has been signed by 303 individuals as of 4:30 pm today.**

I am here today to ask the Timberlane Regional School Board to **reverse this decision**. Based on these reasons:

- 1) **Zero Cost Savings**
- 2) **Potential increased time on buses for students.** I understand that many believe that the Transportation Report dated Feb 2019 that shows increased time on buses is inaccurate but there is not a comparison report, and therefore I do not believe this report should be completely dismissed.
- 3) That same Transportation Report also shows that when polled **the majority of people that responded disagreed or strongly disagreed with this combination.**
- 4) The October 2018 History and Evaluation Report states that in June 2003 one reason the buses were separated was due to **“many bus misconduct issues due to mostly 8<sup>th</sup> graders and freshmen or other upperclassmen not getting along.”** The same report reads September 2003 **“Student management became less problematic and could be dealt with better by each school’s administrator pertaining to the students riding on the bus of the same school.”** In 2003 when we had behavioral issues within this age group the solution was to separate them. In 2019 there are similar issues within the same age group and the answer is to combine them. This eliminates the year separation that allows for space and maturity. **What will be the recourse if misconduct remains the same or gets worse?**
- 5) **Protentional traffic management issues**

**The bottom line for me as a parent already having reservations on this is that if the school board cannot say with certainty that there will be a savings of time, money, or behavioral issues – why do this?**

If it is going to continue forward regardless of this action, then at a minimum I would like to ask for this initiative be changed to a trial with a set time period of no more than one school year, and a review panel to study the results of this combination each.

It would be my request for this review to include time, behavioral issues, traffic management, and any future cost savings or expenses the district will incur.

As parents and students will be most affected by this change, I would also like to request that a parent that is not a member of the board be selected to sit on the review panel as a voice for the parent and student body.

Thank you for your time & your continued drive for Timberlane to be successful in the growth and well-being of every student.

A handwritten signature in black ink that reads "B. Hester". The letters are cursive and somewhat slanted to the right.

**Billie Hester**

**bhester78@yahoo.com**

**Timberlane Parents - We Need Your *HELP!***

The **Timberlane Regional School Board** has voted to combine our middle school and high school students on the same buses. This will have an impact on the **majority of students** that ride the bus.

- **Longer Times on the Bus for the MAJORITY of Students**
- **ZERO Cost Savings to TRSD**
- **Added Safety Concerns for traffic management at the Middle School / High School Campus**
- **Additional time for students at the school arriving earlier / leaving later & Additional wait times for the Elementary bus riders**
- **This will combine children ages 10/11 years through 18+ years old**
- **Timberlane Parents are being IGNORED!** The majority of parents that responded to the TRSD Busing Survey of Feb 2019\*\* responded that they **DISAGREE** or **STRONGLY DISAGREE** with supporting this change.

-----  
Number of students that will be impacted by **time increases** are **1,236** in the morning and **1,304** in the afternoon - time savings 348 in the morning and 463 in the afternoon (This means parents will have to adjust schedules by up to 15 to 22 minutes to accommodate.) (Information base on the Student Impact Summary listed in the TRSD Transportation Update. \*)

The bus contract is set, so at this time there is **ZERO** cost savings with this plan.

Middle School and High School students will all be arriving and leaving the complex at the same time adding to **traffic management concerns and safety concerns**.

**Elementary Bus riders** are at risk for additional wait times. **Middle School Bus** rider families will be impacted by being on the bus earlier.

The **Majority of TRSD PARENTS** that responded to the TRSD Busing Survey of Feb 2019 have already said they **DO NOT SUPPORT** this - and are being **IGNORED!?!**

**How do we fight these changes???** We combine our voices and sign together showing that we do not accept the combination of our Middle and High School Students on the TRSD Buses!!!!

**PLEASE SIGN TODAY so that we can take this to the Timberlane Regional School Board on April 4, 2019!!!**

**THANK YOU!**

**TRSB - STOP the Combination of Timberlane Middle & High School Buses / Comments**

Name	City	State	Postal Code	Country	Commented Date	Comment
kristen cook	danville	NH	03819	US	3/26/2019	Horrible idea
Mike Magoon	Atkinson		03811	US	3/26/2019	Having been a TRMHS & TRHS student who took the bus often, I can attest that TRMHS students shouldn't be exposed to the behaviors and language that TRHS students use on the bus.
Tara Johnston	Kingston	NH	03848	US	3/26/2019	Not in favor of that!
Russell Harding	Danville	NH	03819	US	3/26/2019	Highschool kids and middle school kids have no business being on the same bus's. This is a clear matter of maturity between the age groups and the same reasoning already applies to the school itself.
April Smithell				US	3/26/2019	I do not agree with this. I don't want my middle school age 12 children going on the same bus as 17 and 18 year old teenagers.
Lisa Miller	Sandown	NH	03873	US	3/26/2019	When my daughter goes to middle school in 2 years I do not want her on the same bus as high schoolers.
Michelle Tighe	North Reading	MA	01864	US	3/27/2019	I believe I got a questionnaire about this from the school and I stated that those two age groups shouldn't be together.
Sandra Jennings	Kingston	NH	03948	US	3/27/2019	There is too much of an age difference and inadequate supervision
Jamie Geisler	Atkinson	NH	03811	US	3/28/2019	Keep kids into appropriate age groups, please

Alison Kellerman	Sandown		03873	US	3/29/2019	I agree. I experienced the same thing when attending TRMS and TRHS on the bus Mike.
Kailyn Byron	Plaistow	NH	03865	US	3/29/2019	My brother gets picked on by older middle schoolers as it is. He doesn't need high schoolers picking on him.
Brenda Midolo	Naples	FL	34114	US	3/29/2019	It affects my grandchildren
Cameron Lafontaine	Plaistow	NH	01830	US	3/30/2019	Supposedly it would save money, but honestly if we wanna save money keys stop funding metzlers summer homes
katherine mckenzie	Kingston	NH	03811	US	3/31/2019	Grandchildren will be attending middleschool next year
Sandra Johnson	Hampstead	NH	03841	US	3/31/2019	My granddaughter is in middle school, to young to be with high schoolets
Jeesica Grondin	Sandown	NH	03873	US	4/2/2019	My son will be going to middle school next year and hes way to young to be mixed in with the highschool kids
Amy Owen	Plaistow	NH	03865	US	4/2/2019	Too many kids, not enough seats - at their age and size it's too much to squeeze 3 to a seat plus their overly full bags - we all rode one bus when I was in school but now a days high school kids make bad choices that middle school kids should be around yet, my daughter is in high school and doesn't like being on the bus with her own peers due to inappropriate behavior and overcrowding
Becky Carlton				US	4/2/2019	This is ridiculous. These kids get up too early as it is!

Mark Sherwood	Sandown	NH	03873	US	4/3/2019	If it doesn't save considerable amounts of tax payer money ther is no reason to subject our students to this
laurie connolly	Center Ossipee	NH	03814	US	4/4/2019	More time on a bus is not healthy for a child. Too many drivers distracted making roads more unsafe.
