The TIMBERLANE REGIONAL School Board submits the following proposed Resolution for Consideration at the 2016 NHSBA Delegate Assembly:

The NHSBA supports increasing the breadth of taxes used to support education funding, including those not solely tied to the value of real property.

**RATIONALE:** (Please limit your rationale statement to the space provided, single-spaced, typewritten. This is a required part of the process of submitting a Resolution for consideration by the 2016 NHSBA Delegate Assembly. This rationale statement will be presented to the Assembly with the proposed Resolution and the recommendation of the NHSBA Board of Directors.)

Strictly collecting taxes based on property value unfairly penalizes those people retired with little to no income but having invested in and having built equity in their homes. Taxes should instead partially come from this source, but also from some other source(s) tied to some other measure such as income or purchases. In this manner no taxpayer is unfairly treated and everyone, landowner or not, pays a share. Such distribution of taxes will reduce the strain now seen between schools and property taxpayers.
