Dated: 19th May 2015

Nancy Steenson, Chairman
Timberlane School Board,
Timberlane Regional School District
Greenough Road
Plaistow, NH 03865

Mrs. Steenson,

I write in advance of Thursday's School Board meeting and the pending request by the Danville Board of Selectmen for student information it seeks to review Danville's school impact fees. I understand Danville is looking to have its impact fee study conducted by an individual who is well-known and trusted in the State for his work with ours and other districts in this regard.

The Atkinson Board of Selectmen supports its colleagues from Danville in its request and encourages the School Board to provide the information sought, with the understanding that steps will be taken to ensure student information is protected.

Thank you for your service, consideration and cooperation.

Sincerely yours on behalf of Atkinson's Board of Selectmen,

Jason B. Grosky
Selectman
