FOREWORD

Dear Art Lover:

“Every child is an artist. The problem is how to remain an artist once we grow up.” Pablo Picasso

Having viewed tens of thousands of pieces of art by student artists, I am constantly amazed at the quality of art. Picasso stated, “Every child is an artist.” It is our challenging job to pick out the best 25% of the art for this book. It is rewarding to view student art as it develops through the grades. Our books provide a unique showcase as we start with the younger students discovering art and transitioning to the older students who have found their medium and use art to describe the world they have discovered.

We are glad we can provide this book filled with the artistic dreams of student artists. We hope we can continue to reward and motivate student artists so that the “child” within, will forever remain.

Sincerely,
Tom Worthen, Ph.D.
