Parkland School District will hold a Pre-Algebra camp this summer for **Parkland Students ONLY**, who are entering 6th, 7th, or 8th grades. This camp is targeted for students who will be taking Pre-Algebra in the near future and would like a jump-start on major concepts within the course. This is not a replacement for Pre-Algebra, but an overview of those concepts that are most necessary for success in future Algebra courses. This course will also help prepare students for the 7th and 8th grade PSSA math tests.
