## **GAME SPONSORSHIP OPPORTUNITIES**

### **To Potential Game Sponsors:**

For the 2013 season, our team goal is to obtain game sponsorship donations that will enable us compete at the highest level while providing the community with quality football entertainment. This year we will be sponsoring the Herren Project and the Project Purple initiative again- a non-profit foundation established by former NBA basketball player, Chris Herren to help assist individuals and families struggling with addiction. We will be donating 5% our net proceeds to help this great cause.

Sponsoring the Owls can benefit your company through direct advertising to the local community. This partnership would allow us to build our fan base through team marketing, promotions, giveaways, and special events at home games.

### **Platinum Sponsor \$1000**

- Listing with logo on Booster Club emails
- 3x4 banner to be hung at football field during football games
- Full page Black and White ad in Program Book/Complimentary 2013 Program Book
- Opportunity to sponsor Game Day Giveaways
- Business Name and Logo on Game Day Program
- Multiple Announcements During Home Games/ digital messages on scoreboard

### **Gold Sponsor \$500**

- Listing with logo on Booster Club emails
- Business listing on Gold Sponsor banner to be hung at football field during football games
- Gold Sponsor listing in Ad Program Book
- Opportunity to Sponsor Game Day Giveaways
- 1 Announcement During Home Games

### **Silver Sponsor \$300**

- Listing with logo on Booster Club Emails
- Silver Sponsor Listing in Ad Program Book

### **Other Sponsorship Opportunities:**

50/50 Donation Gift to raffled off at home games

All that we are and all that we strive to accomplish is a direct result of our dedicated coaching staff, players, their families, the fans, and our sponsors. With everyone's continued support and encouragement, the Timberlane Football program will make its mark in the community and the lives of so many young people.

**Thank you for supporting your Timberlane Owls Football Team!!!**

# TRHS Observatory

Nick Bealo Proposed Eagle Scout  
Project

# Summary

---

- ◉ Eagle Project from Plaistow Troop 18
- ◉ Proposed 10' by 10' observatory
- ◉ Cost for the school district \$0.00
  - Boy Scouts will be raising all funds
    - TRSD responsible for any electrical work if they decide it is useful
- ◉ Timberlane HS will be the owners of the observatory once it is complete

# Where

Mr. Hughes will determine exact location

# What It Will Look Like

- This is Sweet Hill Observatory owned by Peter Bealo (my dad)
  - A 12' by 16' observatory
- The Proposed design would look much like this design with a roll off roof
- The observatory will be built with the roof rolling off to the north
- Capable of holding TRHS's current telescopes

# The Roof (because everyone asks)

- Each side of roof rolls on 3 V-grooved iron wheels
- Wheels ride on angle iron tracks
- Tracks are on 6X12" wooden beams
  - TRHS version would use smaller beams due to roof having  $<1/4$  the weight
- Posts holding end of beams are 6X6"

# Unique Requirements

---

- TRSD Requirements

- Mr. Hughes to approve final drawings
- No windows, for security

- General Observatory Requirements

- Roof rolls off to the north
  - Obstructs fewest number of interesting celestial objects
- No insulation or heat source inside to keep it at ambient temperature
- Part of floor that telescope sits on is isolated from where people walk to avoid vibrations

# Steps

1. Approval by High School 
  2. Find school liaison – Mr. Hughes 
  3. Approval From School Board
  4. Approval From Boy Scout Yankee Clipper Council
- Estimated Completion Time: End of Summer of 2013
    - In Time For The Beginning Of The 2013-2014 School year and to see Comet ISON due on December!
  - Estimated cost:
    - If stick built (worst case): ~\$4,000

# Construction/Fundraising

---

- If basic shed is donated by shed supplier: modify roof, add tracks, install
- If wall units donated by shed supplier: assemble, assemble roof and track system
- If stick built: assemble floor, walls, roof, install in place
- Material/ Tradesman needs
  - Shed, wall units or lumber, concrete for sonotube foundation
  - Welder willing to tack weld several 20' angle iron runs
