CHEMICAL PESTICIDE NOTICE

COUNTY: **San Bernardino** DATE: **5/28/24**

Dear Customer:

Thank you for selecting **ORKIN** to perform your pesticide application requirements. In accordance with the laws and regulations of the State of California we are required to provide you with the following information prior to application of pesticides to your property. Please take a few moments to read and become familiar with the content.

"State law requires that you be given the following information: CAUTION–PESTICIDES ARE TOXIC CHEMICALS. Structural Pest Control Companies are registered and regulated by the Structural Pest Control Board and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the U.S. Environmental Protection Agency. Registration is granted when the state finds that based on existing scientific evidence, there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized."

The pests to be controlled are: Ants, Roaches, Silverfish, Rats, Mice
