

# Capital Improvements & Safety Levy Progress

Approved by voters in 2024, the Capital Improvements and Safety Levy funds critical facility needs not covered by the state. This roadmap highlights successfully finished projects and details the phased schedule for safety, preservation, and efficiency upgrades across all district schools through 2028.

## Milestones (2024-2026)

### District-Wide Safety & System Upgrades

Installed new security fencing, LMS fire control panels, and a modern LMS bell/intercom system.

### Boiler & HVAC Replacement (IN-PROGRESS)

Secured a state grant to replace the aging LES boiler for improved reliability and comfort.

### LHS Stadium LED Lighting

Upgraded Dick Cardinal Stadium with energy-saving lights to reduce costs and meet state standards.

## Upcoming & In-Progress Projects (2026-2028)

2026-27

### Roof and cafeteria

Replace the aging LMS roof and reconfigure the overcrowded cafeteria

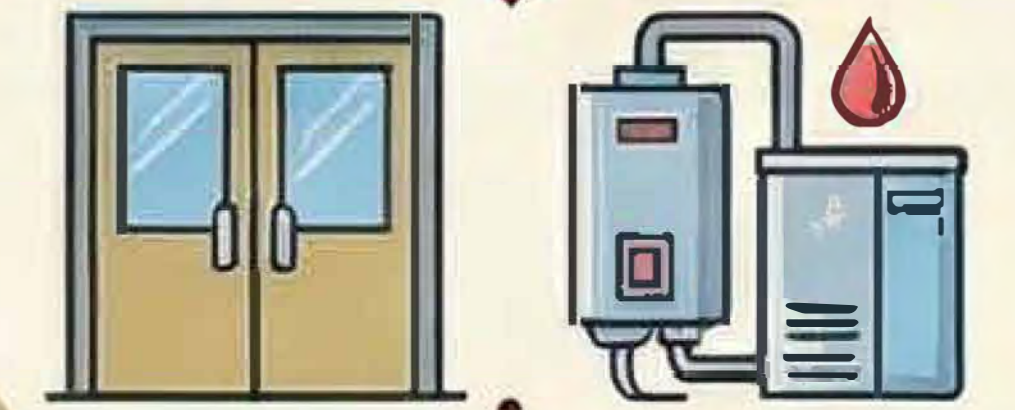

2026-27

### Electrical & Lighting Updates

Updating electrical equipment and lighting fixtures across LES, LMS, ECE, and CCE

2027-28

### Infrastructure & Security Upgrades

Updating hot water & HVAC systems at ECE

## Ongoing Focus Areas

### ADA Accessibility

Primary Objective: Improving campus access for all students and visitors.

### Navigation

Primary Objective: Enhancing school signage and wayfinding for safer campuses.

### Maintenance

Primary Objective: Cleaning school exteriors to preserve long-term facility health.

## Why This Matters

These improvements ensure safer, more reliable, and efficient learning environments for all students and staff, preserving our community's investment in education.
