

Summer 2026 Sun Bucks

SUN Bucks Program

The SUN Bucks program supports families during the summer months when school meals may not be readily available. This program replaces the previous p-EBT card and provides eligible families with \$120 per school-age child to help purchase groceries.

Families must use Sun Bucks within 122 days of funds being loaded on the card.

Eligibility and Application Process

To participate in the SUN Bucks program for Summer 2026, families must complete a Universal Benefit Application (UBA). It's important to note that filling out this application will not affect your child's eligibility for free school meals during the school year.

The SUN Bucks application deadline for Summer 2026 is August 31, 2026.

For questions regarding SUN Bucks, families can call: 1-877-328-9677.

Automatic Qualification

If your family is already participating in one of the following programs, your student will automatically qualify for the SUN Bucks program, and you do not need to fill out the UBA:

- **CalFresh**
- **CalWorks**
- **Medi-Cal**

Additionally, students classified as foster, migrant, homeless, or runaways are automatically eligible.
