March 25, 2026

Greetings,

Please note that the Crivitz School District has changed its technology purchasing policy. We are now accepting and require proposals to be delivered electronically via email. The Crivitz School District is seeking two (2) [separate] categorical computer purchase proposals. One for a small form factor desktop purchase and one for a Chromebook purchase. **All proposals are due Wednesday, April 8th at 4:00 p.m.** Proposals will be selected on the evening of Wednesday, April 15, 2026. The vendor(s) of the awarded proposal(s) will be notified on Thursday, April 16, 2026. The District will select a proposal for each category separately. That is, one vendor may be awarded the student Chromebook proposal, and another vendor may be awarded the desktop proposal.

- 1. DESKTOP PROPOSAL:** Each vendor can submit a **maximum of one (1)** proposal for the desktop specification.
- 2. CHROMEBOOK PROPOSAL:** Each vendor can submit a **maximum of one (1)** proposal for the Chromebook specification.

Please see the specific RFPs for details.

Any questions regarding the RFPs can be directed to:
