Contract for Dual Enrollment

I, _____, understand that by submitting the attached application that I am agreeing to abide by policies set forth in the Aletheia Christian Academy Parent/Student Handbook and any policies as included in partner schools' dual enrollment admissions guidelines.

I acknowledge the following statements:

- Students must maintain academic and behavioral standards as outlined in the student handbook.
- Aletheia reserves the right to deny the privilege of dual enrollment based on availability, academic status, or behavioral issues.
- Deadlines are firm and set by both Aletheia and partner schools. ***It is my responsibility to apply, register, and submit any requested documents by these due dates.*** Failure to complete tasks in a timely manner may prevent access to courses.
- If, for any reason, dual enrollment progress is halted (e.g., missing applications/registrations, partner schools' failure to process, full class, etc.), student will be placed in the high school equivalent class and/or create a plan to recover any missed credits with the guidance office.
- Dual enrollment students are taking college level courses. As such, students will be expected to maintain correspondence and course work independently. While the guidance office is here to offer support, the guidance counselor is not the partner schools' primary point of contact. Students are entering an independent relationship with the university and are expected to interact accordingly.
- Student must check their email daily for updates from partner schools. Aletheia does not have access to progress and grades. Parents and students are responsible for monitoring student progress.
- Partner schools' academic calendars may differ from Aletheia's academic calendar. Dual enrollment students must submit coursework based on the partner school's calendar. Students are responsible for keeping up with those calendars.

Dual Enrollment Policies

Dual Enrollment is an accelerated program that allows high school students to simultaneously earn credit toward high school completion and a career certificate, or an associate or baccalaureate degree at a Florida public institution. Any student interested in taking a Dual Enrollment class should contact the school's guidance counselor.

Because the goal of Aletheia is to educate our students with a biblical worldview, ACA permits its students to participate in Dual Enrollment classes through UWF and PSC on a limited basis. Students may dual-enroll in the entire catalog of classes through Sevenstar, Cedarville University or CampusEDU. This ensures that the core classes a student takes are taught from a biblical perspective while allowing a student to take classes that are not offered at Aletheia.

Credits for Dual Enrollment classes will be given according to the guidelines from the State of Florida Department of Education.

Dual Enrollment classes will receive an additional 1.0 points added to a student's GPA.

In order to be recommended for placement in Dual Enrollment courses, a student must meet the following requirements:

- Maintain a 90 or higher average in each of the 9 weeks in the previous Honors course of study.
- Demonstrate on a standardized test (ACT/SAT, for example) an aptitude for the coursework.
- Exhibit a strong work ethic, an adherence to deadlines, and a motivation to pursue more advanced coursework.
- Complete all applications and registration requirements in a timely manner.
- Sign the ACA dual enrollment contract.
- Complete a placement test and meet the standards in the charts below.

ACCUPLACER

Reading	Writing	QAS (Math)
256	253	261

SAT

Reading/Writing	Math
