### BIO:

This event is being held by members of BG Chamber of Commerce Youth Leadership Program. Our goal is to expose the youth of Bowling Green to local sports opportunities. We are all high school athletes and decided to host this event because sports have changed our lives in some way: showing us teamwork, work ethic, and discipline, and we wanted to share these experiences with the youth of BG.

**Sports For Mental Health**  
Physical activity is extremely important for overall physical and mental health, and a great way to have access to that is through sports. Playing sports at a young age is a way to introduce these healthy habits and create lifelong bonds with teammates.
