

Work permit application directions:

1. The work permit application has three sections - please complete all three and return your application to Laura Griffin at GOVS.
2. The first section is to be completed by a parent or guardian.
3. The second section is to be completed by the employer and must include their signature and tax id number.
4. The third and last section must be completed by a physician or medical professional. This health check can easily be done at your doctor or a walk-in clinic.
5. Finally, take your application to GOVS or email it to Laura Griffin to have it processed. Then GOVS will provide two signatures and the student must sign it as well to make it official.
6. The GOVS student center in Franklin is open M-F from 9-3 to process work permits.
