

# SUMMER SCHOOL

SUMMER  
2026

# WELCOME

---

Dear Students and Parents,

Welcome to the QSI Virtual Summer School program for the summer of 2026. We are pleased to continue QSI Virtual's long-standing tradition of offering flexible, high-quality summer learning opportunities that help students recover credits, strengthen essential skills, and explore new academic interests.

This year's summer school program runs for ten weeks, from 15 June to 21 August, and includes a full range of courses across core academic subjects, creative and applied arts, technology, and personal development. Summer learning with QSI Virtual allows students to stay academically engaged, maintain progress in math and English, complete prerequisites, and free up space in their schedules for the upcoming school year.

In addition, we are excited to once again offer our Summer Intensive English program, featuring live, daily synchronous instruction from 29 June to 7 August, designed to support students in building confidence and proficiency in English through consistent, guided practice.

We hope this guide helps you identify the courses and opportunities that best support your academic goals. If you have any questions or would like assistance selecting courses, please do not hesitate to reach out. We look forward to working with you and supporting your learning journey this summer.

Sincerely,  
Tim Macmillan  
Director of QSI Virtual

# PROGRAM GOALS

---

QSI Virtual's 10-week Summer School program runs from 15 June to 21 August 2026 and is designed to support a range of student needs. Students may enroll to extend their learning through enrichment opportunities or to recover missing academic units. All interested students should consult with their school counselor or administration team to determine the best course options for their individual academic goals.

## WHO IS IT FOR?

---

Our summer school courses are available to all secondary students. The QSI Virtual summer program is best suited for students who meet one of the following criteria:

### 01

Self-motivated students seeking to get ahead by completing a full-year or half-year course during the summer months.

### 02

Curious students interested in a particular subject or course that may not be offered at their local school.

### 03

Students needing to complete a graduation requirement missed from a previous year.

### 04

Students needing to complete a prerequisite course in order to take an AP® course in the 2026-2027 school year.

### 05

Students needing to recover units from required courses from this year or a previous school year.

# SKILLS FOR SUCCESS

---

Summer school can be a valuable opportunity for academic progress, but it requires a strong commitment. Students should be prepared to dedicate approximately 3–4 hours per day to complete a full course during the accelerated summer term. Success depends on consistent effort, self-discipline, and the ability to work independently. Successful online learners typically demonstrate the following skills:

## 01

### Time Management

Are you able to manage your time effectively? Can you plan and follow a study schedule independently?

## 02

### Communicative

Do you have good communication skills? Are you able to contact teachers when you need support and explain your needs clearly?

## 03

### Independent

Are you able to work independently?

## 04

### Self-Motivated

Are you interested in learning new skills and knowledge? Have you set educational goals for yourself as a learner?

## 05

### Academic Readiness

Do you have a genuine interest in the course subject area?

## 06

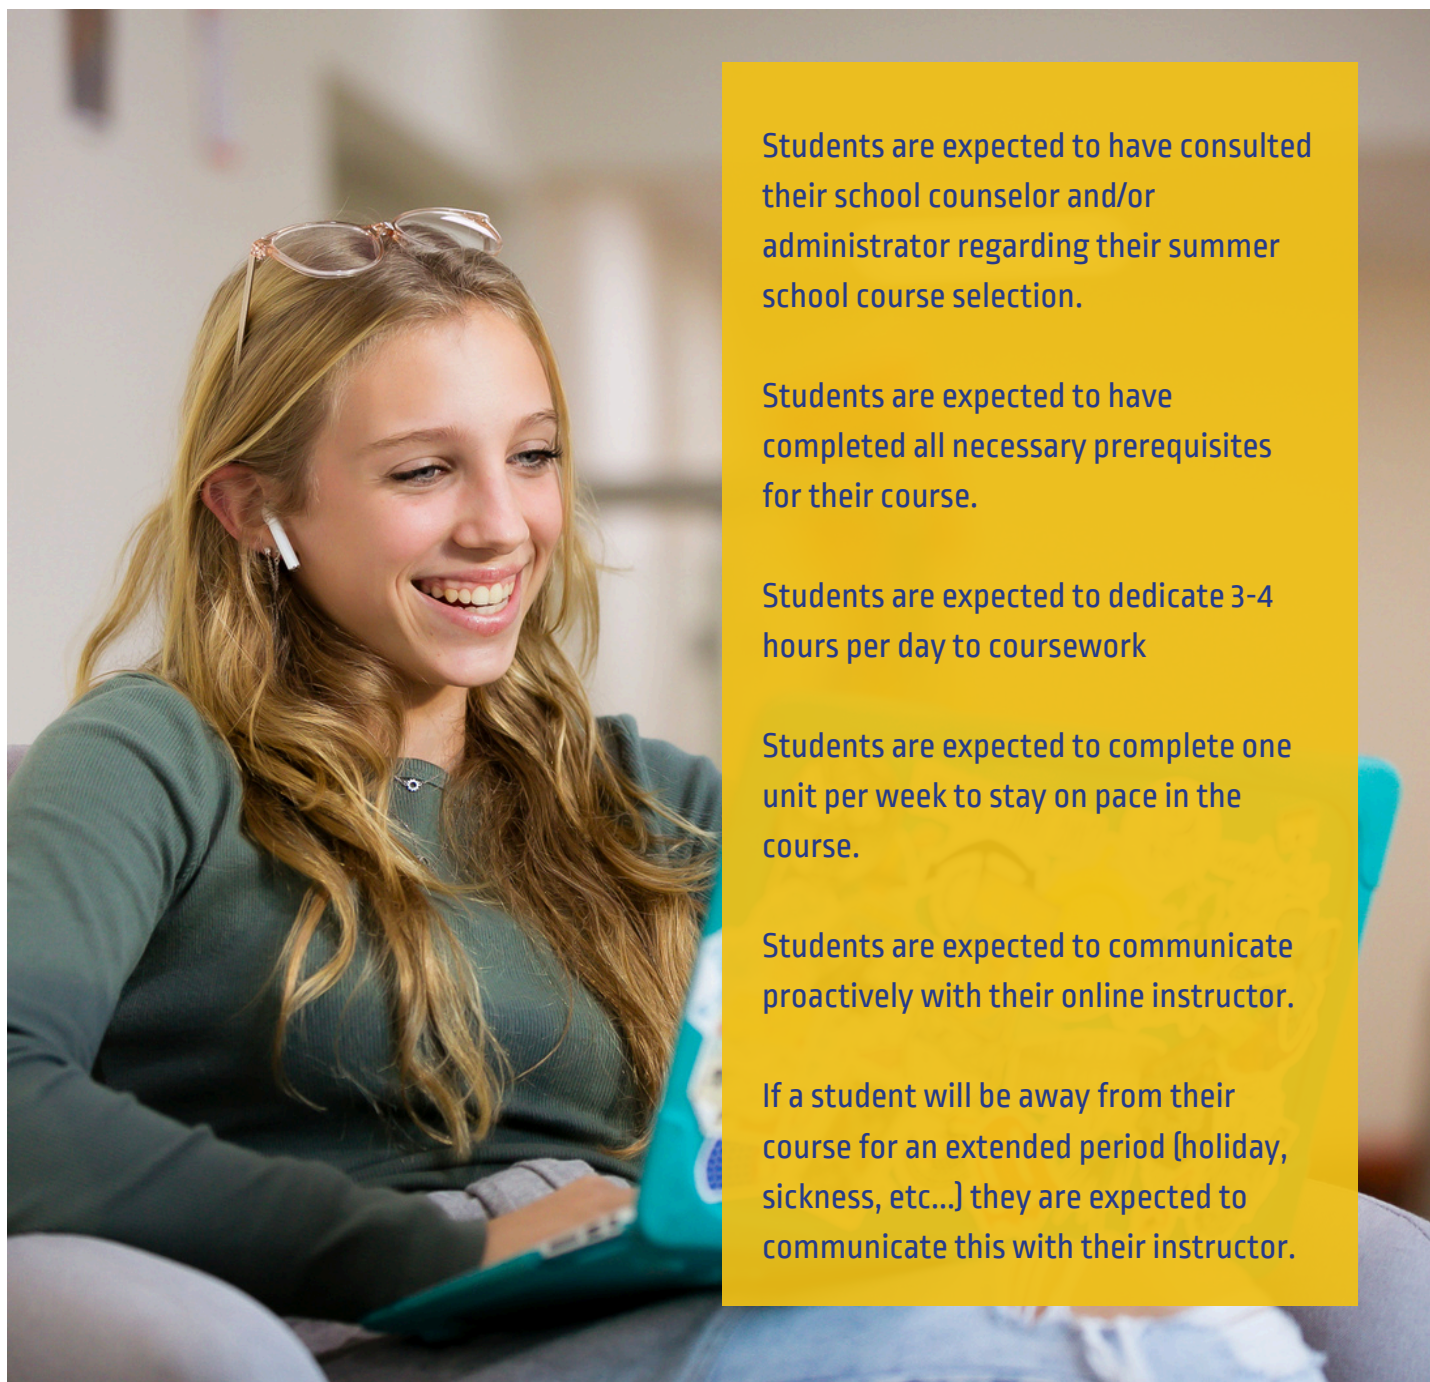

### Technological Proficiency

Do you have the technology skills needed to be successful in online learning platforms?

# STUDENT EXPECTATIONS

---

Below are the expectations for summer school students:

Students are expected to have consulted their school counselor and/or administrator regarding their summer school course selection.

Students are expected to have completed all necessary prerequisites for their course.

Students are expected to dedicate 3-4 hours per day to coursework

Students are expected to complete one unit per week to stay on pace in the course.

Students are expected to communicate proactively with their online instructor.

If a student will be away from their course for an extended period (holiday, sickness, etc...) they are expected to communicate this with their instructor.

# BENEFITS OF TAKING A SUMMER COURSE

Whether students are looking to get ahead, fulfill graduation requirements, or strengthen their academic foundation, QSI Virtual's summer courses provide a flexible and effective path to achieving their goals. We invite families to explore the advantages of our program and take a confident step toward continued academic success.

## Accelerate Your Academic Progress

Enroll in our online summer courses to gain a head start on the upcoming school year. Tackling subjects in advance can ease the regular semester workload and foster a deeper understanding of future coursework.

## Meet Graduation Requirements

Use the summer to satisfy necessary graduation requirements. This strategic move can open up your schedule for senior year, allowing greater flexibility and the opportunity to explore a wider array of electives.

## Bridge Educational Gaps

Summer school is an ideal time for credit recovery or to complete prerequisite classes for Advanced Placement® courses. It's a focused setting to improve understanding in challenging subjects, setting the stage for academic success.

# TUITION AND FEES

Tuition and fees for QSI Virtual summer school courses are the responsibility of the parent and student. To ensure a smooth start to the program, all tuition and fees are required to be paid to QSI Virtual prior to the beginning of summer school. Payments may be made securely through the school's Genius platform using a credit or debit card. A detailed list of tuition and fees is provided below for your reference.

Full-Year Course  
(10 Credits)

**1,250 USD**

Half-Year Course  
(5 credits)

**675 USD**

Flex Course  
(Up to Five Units)

**675 USD**

Because of the accelerated nature of the summer school program, our refund policy is limited. Students who withdraw prior to the program start date of 15 June will receive a refund of tuition, less a USD 50 administrative fee. Once the program begins on 15 June, tuition and fees are non-refundable. We encourage families to carefully consider enrollment plans and reach out with any questions before the start of the program.

# IMPORTANT DATES

## March

1 March - Registration Opens

## June

14 June - Registration Closes

15 June - Summer School Courses Begin

29 June - Intensive English Course Begins

## July

31 July - Deadline for units to be applied to 2025-2026 transcripts.

## August

7 August - Summer Intensive English Program Ends

21 August - Summer School Ends - Last Day to Submit Work

## September

1 September - Grade Reports Sent

# HOW TO APPLY FOR A SUMMER COURSE

Requesting a summer course through QSI Virtual is a straightforward process. The steps below outline how students and families can create an account, submit a course request for review by their school, and complete payment once approval is granted. We encourage families to review each step carefully to ensure a smooth and timely enrollment experience.

## Step One - Create an Account

Go to [learn.qvs.qsi.org](https://learn.qvs.qsi.org) and select "Create account". Fill out all the fields in the application accurately and click "Save." Check your email for a username with a password reset link. Reset your password.

## Step Two - Request a Course

Once you are logged into Genius, click on "Request Course", then "Request New Course." Select the Term, Course, Start Date, and then click "Save". Your school's site coordinator will be notified once you submit a course request. You will receive an email once the request has been approved or denied.

## Step Three - Make a Payment

Once your course is approved, submit payment through your Genius account by selecting "Make a Payment" in the right sidebar. Choose the courses you wish to pay for, confirm the total amount, and proceed to the payment page to enter your payment details and complete the transaction.
