SPC Community-Based Instruction Nutrition Snack Cart Program

Our students at **Southmoreland Primary Center** are learning real-world skills in a fun and meaningful way through the new **Community-Based Instruction Nutrition Snack Cart Program!**

Under the direction of **Miss Scott**, first-grade students operate a **biweekly snack cart** for SPC teachers — taking orders, handling money, and delivering treats with teamwork and smiles. Through this hands-on experience, our students are practicing essential skills like **communication, responsibility, and cooperation** while spreading a little **midweek cheer** throughout the building.

This wonderful collaboration fosters **independence, confidence, and social connection**, showing how learning can extend far beyond the classroom walls.

We're proud of our young Scotties for their leadership and enthusiasm in serving their school community!

At Southmoreland, we cultivate learners that.....

A

Accountability is developed through honesty, accepting responsibility, meeting obligations, learning from mistakes, fostering trust and reliability.

R

Resiliency involves bouncing back from challenges, adapting to adversity, maintaining optimism, persisting through difficulties, fostering strength and growth.

C

Citizenship is demonstrated through respectful behavior, participation, volunteering, and community service, fostering positive contributions.

E

Empathy is shown through understanding, compassion, perspective-taking, supporting others, fostering connection and mutual respect.
