Fairfield College Preparatory School offers a comprehensive, rigorous and engaging college preparatory curriculum of courses in Science, Mathematics, Innovation, World Language, Social Studies, English, Theology and the Visual & Performing Arts. Students take an active role in learning — they experiment and discover; they form opinions and defend them; they ask and answer tough questions; they learn to think and reason critically; they read, research, write, draw and perform. The modern learning environment and the 1:1 iPad program integrates technology into education. Students leave Prep as men of competence, conscience, compassion and commitment — men who are ready to take on the challenges of college and prepared to be transformational leaders in our global society.
