

Keeping Cool at Norris School: Reimagining Playgrounds and Fields

Community Listening Session

Explore how the playground and playing fields can stay cooler, safer, and more comfortable during hot weather.

When: April 1, 2026 | 6:00–7:30 PM

Where: William E. Norris School Cafetorium
34 Pomeroy Meadow Lane, Southampton, MA

What We'll Talk About:

- Heat safety
- Shade and trees
- Cooler play areas
- Safer outdoor spaces for kids

Who Should Come:

Parents, caregivers, students, and community members (kids welcome!)

This listening session is part of Southampton's Municipal Vulnerability Preparedness (MVP) grant from the Massachusetts Executive Office of Energy and Environmental Affairs to address extreme heat and improve community resilience. Input gathered will help guide improvements to the Norris School playground and fields as part of the Town's broader cooling and clean air resilience initiatives.
