EXECUTIVE LIMITATIONS MONITORING REPORT

EL-4 ASSET AND FACILITIES PROTECTION (criteria 8a and 9)

FROM: Troy Oliver, Superintendent
DATE: March 24, 2026

The Real Property and Facilities Protection policy focuses on protecting the district from risk by ensuring the necessary policies, procedures, and trainings are in place to protect the District's assets and facilities.

Accordingly, the Superintendent will not:

Policy Criteria 8: Endanger the District's public image, reputation, or credibility, thereby jeopardizing the District's ability to accomplish its mission.

a. Develop or continue collaborative relationships with organizations whose principles or practices are incompatible with achievement of the Boards' Ends.

Superintendent/CEO Interpretation:
The Superintendent will not allow the district to develop or continue relationships with organizations that would interfere with the district's ability to achieve the Board's Ends.

Superintendent/CEO Evidence Report:
The district has relationships with numerous community organizations who partner and collaborate in an effort to support children and families in the community. These relationships are maintained in accordance with several district policies and procedures. The District adheres to the guidelines contained in each of these policies including, but not limited to, the following:

Policy 4060 – Distribution of Information
This policy and related procedure outlines the district process for working with community organizations and government entities to distribute information through district communication channels. This includes setting conditions for approval that align with the district's mission and standards for content.

Policy 4120, School Support Organizations
This policy and procedure, updated in November 2025, encourages the formation of support groups at each school such as parent-teacher-student associations, booster clubs, or special interest organizations. The purpose of these groups is to enhance the school program. To ensure this purpose, all such groups must receive the approval of the school principal or Superintendent to be recognized as a support organization, and they must abide by applicable laws for nonprofit organizations.

Policy 6815, Business Support and Advertising on District Property
Establishes essential guidelines that must be followed by businesses that wish to enter into an educational partnership with one of our schools or the district.

The Superintendent will not:

Policy Criteria 9: Modify the essence of the District's name and/or identity.

Superintendent/CEO Interpretation:
The Superintendent will not allow the essence of the District's name and/or identity to be modified.

Superintendent/CEO Evidence Report:
The District's name has not been changed, nor has the essence of its identity been altered in any meaningful way.

Conclusion:
This evidence demonstrates we continue to comply with Criteria 8a and 9 of the Asset and Facilities Protection policy.
