Circle in the Square Theatre School's 2 week Summer Intensive is a selective conservatory-style professional training program located in the heart of New York City, housed below Broadway's iconic Circle in the Square Theatre. Our summer program was founded in live theatre performance and our school features small class sizes with a focus on developing individual and unique theatre artists.

Our goal is to help you find your path in this industry filled with so many different artists. You have a unique story to tell, let's start doing the work to find what that story is!
