

TiE PRESENTS

The Young Entrepreneurs Shadow Day Program

What is the TYE Shadow Day Program?

TiE is proud to present another year of our Summer Shadow Day Program, offering high school students a rare opportunity to learn directly from some of the most successful entrepreneurs and industry leaders in the country.

Through our Young Entrepreneurs (TYE) Program, high school students in grades 9–12 can participate in exclusive, one-day shadow sessions with leading companies across a variety of respected industries, including finance, venture capital, healthcare, aerospace, real estate, communications, corporate leadership, and more.

This free program allows students to step inside real workplaces, observe professionals, and gain firsthand exposure to the skills, responsibilities, and day-to-day activities within a career field. Students also build early professional awareness, gain insight into potential career paths, and connect with a strong network of entrepreneurs and industry leaders in Orange County and beyond.

Learn from Top Experts

- An opportunity to hear and learn from top experts in the field of STEM, Finance, Real-Estate, Healthcare and many more
- Gain inside knowledge you cannot access anywhere else

Discover Your Passion

- Discover your future career path
- Experience the day-to-day operations of your interested field
- Connect with peers interested in the same career path

Hands on Experience

- Learn the in's and out's of professionalism.
- Gain exciting knowledge on cutting edge equipment
- Learn how to execute operations and labs

What Students Had to Say About the Program

SHADOW DAY SCHEDULE

- One-day session (3–8 hours) depending on the host company
- Summer 2026 sessions: June 10 – July 31, 2026
- Participating companies will be shared with high school counselors and students once finalized
- Once the application opens, you can visit our website and apply at www.tyeoc.org/shadowday

"I liked getting to see all of the different departments and actually visiting their worksites to see how they work.

-Tustin Unified School District Student

"I also really liked the presentations and listening to employees speak about their personal experiences in the field as well as their time at the company."

-Tustin Unified School District Student

"I enjoyed actually inputting values into a spreadsheet after researching about multiple companies since it taught me what it feels like to actually work in this field. "

-Sage Hill High School Student
