Geaux Upstate MPH

Audio	Video
[Lindsay] Hi, my name is Lindsay Michel. I am the master of Public Health program and I'm originally from Texas. I chose L S U Health Shreveport for my Master of Public Health degree because I finished an undergraduate cardiopulmonary science degree and really enjoyed the faculty and staff, and I knew that I would continue to get a quality graduate education.	Young woman standing in front of the School of Health Professions and Sciences Building on the L S U Health Shreveport Campus. She has a fair complexion, dark auburn, shoulder length hair and is wearing a dark purple blouse and a white lab coat. Graphic in purple and gold – Lindsay Michel White Text: Master of Public Health Program
What excites me most about the Master of Public Health program at L S U Health Shreveport	Text books titled Global Health: Diseases, Programs, and Systems and Public Health: What It is and How it works.
is the convenience of night classes.	L S U Shreveport logoed monolith
Being able to work during the day and then attend class at night was really very attractive, and the ability to interact with professors who have a multitude of public health experience locally, nationally, and internationally.	Montage of photos – professor teaching a class, professor interacting with students, and a varied group of professors smiling at the camera
I love that there's a lot of local culture around. Last weekend, I was able to attend the Highland Jazz and Blues Festival where we listened to live music, ate really great food. Newer local restaurants are opening up and, I'm a foodie, so I really appreciate that.	Lindsay in front of building
Campus life at LSU Health Shreveport is very active, whether it be popcorn for the first day of school or Lucky Dog Day to kick off football season. There's always something going on.	Montage of campus life: Students grabbing coffee and pastries before class, standing in line for hotdogs outside the Student Union, sampling different versions of chili during a chili cookoff
I plan to use my Master of Public Health from LSU Health Shreveport to bring a public health perspective to the classes I teach.	Lindsay in front of building
Geaux Upstate!	Lindsay points up with both hands as a purple graphic of the state of Louisiana appears over a white background. Hashtage Geaux Upstate is in gold text and there is a gold star in the northwest corner of Louisiana denoting Shreveport.
