This month in preschool:

Pets

Our Preschool Pet Unit is "paws-itively" adorable! Here is a quick snapshot of what our little learners are "fur-tunate" enough to be doing:

- **Veterinarian Clinic:** Practicing empathy and care in our dramatic play center.
- **Sensory Fun:** Washing "muddy" pups and sorting "kibble" (pom-poms).
- **Pet Math:** Counting bones and matching pets to their homes.
- **Creative Arts:** Crafting "purr-fect" masterpieces around various pets.

It's going to be a "tail-wagging" good time!

How You Can Help:

- **Explore Movement:** Pet Yoga: Mimic pet movements together! Stretch like a "Downward Dog," arch like a "Scared Cat," or hop like a "Bunny."
- **Read Together:** Choose books that highlight different types of pets. Point out similarities and differences in labeling. Or take a trip to the library, Grab a "tail-wagging" book like What Pet Should I Get? from the Buckeye Public Library.
