Morning Drop Off

For everyone's safety and to help our buses move efficiently, please park in the DPS side lot or use the DPS drop-off loop rather than parking in front of the building. Keeping the front clear allows buses to flow smoothly and ensures a safer arrival for all students.

How much physical activity do kids and teens need?

At least 60 minutes every day.

Most of that time can be **moderate-intensity aerobic activity** — anything that gets their heart beating faster counts.

And at least 3 days a week, encourage them to step it up to **vigorous-intensity aerobic activity**, so they're breathing fast and their heart is pounding.

As part of their daily 60 minutes, kids and teens also need:

Muscle-strengthening activity

at least 3 days a week

Anything that makes their muscles work harder counts — like climbing or swinging on the monkey bars.

Bone-strengthening activity

at least 3 days a week

Bones need pressure to get stronger. Running, jumping, and other weight-bearing activities all count.

AND

Walk. Run. Dance. Play. **What's your move?**

Highlights of the Week

Mrs. Malone - 1st Grade Highlight of the Week

This month has been exciting for the authors in Mr. and Mrs. Malone's classrooms! We kicked off our unit on opinion writing! Students have been working on stating their opinion AND giving lots of reasons why they have that opinion. During morning meeting we have been discussing making a choice between two things and giving reasons why we made that choice. A BIG highlight during writing this week was hosting our very own dog show! After lining up all the entries each student decided what trait they were going to judge the dogs on. Some traits were fur, eyes, cuteness and outfits. We learned that it is okay to have different opinions. Check out these pictures to see our judges in action!

3PK Family Friday

3PK families enjoyed a community resource fair today with visitors from the Livingston County Sheriff's Department, Livingston County Department of Health, CYSHCN, and Dansville Public Library. Children were able to get a SAFE Child ID, learn about healthy eating & trying new foods, and even got their very own library cards! We are grateful for these community helpers and all they shared with us today!
