Dear Parents/Guardians:

In a continuing effort to keep you informed as to the tremendous efforts we are making to carry out our educational mission during these challenging times, please be advised of the following:

- The second marking period begins on Tuesday, November 17, 2020.
- Parent/Teacher conferences will be held via Google Meet for all K-8 students on November 23rd, 24th & 25th.
- Report cards will be posted on the parent portal on November 20, 2020. If you forgot your password, please email your child's Principal.
- As per the Lakewood School District's Restart and Recovery Plan, students were permitted to return from remote instruction on November 16, 2020.
- More than **140 students returned for In-Person Instruction!!**

During, and around the district's short break in November, there was an increase in COVID-19 cases, which were linked to non-school related activities.

Gatherings during the upcoming holidays can be an opportunity to reconnect with family and friends; however, please reconsider how your plans can be **modified** in order to reduce the spread of COVID-19 to keep your friends, families and community healthy and safe!

As of this writing, the District has distributed **1,987** Chromebooks/devices to students for the purpose of remote learning, since March 17, 2020.

The District ordered an additional 1,800 Chromebooks that have been on backorder since June. We are hoping to receive some or all of them in the very near future.

Administration has also been given permission to order 1,625 additional Chromebooks utilizing 2019-2020 Extraordinary Aid funds. We are currently, again, soliciting distributors as we have attempted to in the past.

In part, upon advice of counsel, who continues to review, at the request of the Board, the numerous legal issues involving the "Digital Divide" we are exploring additional methods to deliver remote instruction that will further recognize the unique needs of our students, primarily at the High School level. **Information will be forthcoming.**

The District will be presenting additional information as to COVID-19 at the upcoming Board meeting on Wednesday, November 18, 2020:

The upcoming Board meeting will be live-streamed through the District Website: www.lakewoodpiners.org. Recognition of the Public questions can be submitted by emailing to: boemeeting@lakewoodpiners.org, from 6:30 p.m. to 7:30 p.m. Comments will also be received at 7:30 p.m. by dialing 732.839.3003 ID 776-382-8466# or by joining the Board of Education Zoom Meeting. The Zoom Meeting Link will be posted on the District's website by 7:15 p.m., on November 18, 2020, for anyone wanting to make a public comment; your video must be turned on. If you do not have video, you must call the audio phone line.

As to busing, while not obligated, the district is taking precautionary measures when it comes to busing! There are bus aides on the buses who take the temperatures of students and make sure all students have face coverings on at all times. Buses are restricted to no more than 41 students.

As of today, the average number of students on a bus at each school is:

- Clifton Avenue Grade School– 20
- Ella G. Clarke – 35
- Lakewood High School – 33
- Oak Street School – 30
- Spruce Street School – 33
- Lakewood Middle School – 32
- Piner Elementary School – 32
- LECC -18

As to meals, meals continue to be provided on a daily basis to all Public School children in school. The food selection continues to reflect the local palate.

As a continued public service, every Thursday, from 3:30 p.m. to 6:00 p.m. meals are distributed for either the week or weekend at the Clifton Avenue Grade School and the Middle School. This service is not mandatory, but a service the Board has opted to provide to the entire Lakewood Community, and is available and open to all children, age one day old through 18 years old, or until one graduates at age 21 (primarily applicable to special needs children who may be eligible to educational service through age 21). These meals are provided by Sodexo and Gelbsteins and they are Kosher.

As to Thanksgiving, meal distribution will be on Wednesday, November 25, 2020 at the same time and same locations: Clifton Avenue Grade School and Lakewood Middle School.

All staff members and bus drivers will receive a pumpkin pie (Kosher) for the Thanksgiving Holiday on Wednesday, November 25, 2020, courtesy of the Board of Education and General Counsel. Thank you Gelbsteins!

Currently, we have had very few cases of COVID-19, which have been directly related to school activities, and absolutely **no school spread!** Please continue to be responsible and adhere to the Governor's directives.

For example, the district's athletics teams have been practicing since July 13, 2020, with only one reported instance of COVID-19, from a non-custodial family member. While the Team had to quarantine as a result, all are healthy and ready for play!

A special thanks to Chemed Health Center for constantly being available for our students and staff. Chemed is located at: 1771 Madison Avenue, 732-364-6666
(Bilingual staff is available.)

Advanced Placement preparation for Lakewood High School students will begin shortly! Special thanks to Mr. & Mrs. Inzelbuch, in part, for sponsoring some of the AP initiatives!

Additional tutoring and SAT preparation will be announced shortly.

Lastly as a reminder, due to COVID-19, the district implemented Block Scheduling at Lakewood High School this school year, in an effort to reduce the number of contacts each staff member and student has per day. There have been many studies that have shown that block scheduling establishes higher bonds between teacher and student, which has a significant impact on academic studies with fewer discipline problems. **Students complete a full year course, in two semesters.**

If you have any questions, or would like additional information, please call me at (732) 905-3633.

Respectfully,

Laura A. Winters

STATEMENT BY BOARD PRESIDENT

Pursuant to Board Policy 0164, Roberts' Rules of Order shall govern the Board of Education in its deliberations and in the conduct of its meetings. As such, all comments from the public and from other members of the Board should be directed to the Board President who is responsible for presiding over the meeting.

Anyone who desires to ask a question must email to boemeeting@lakewoodpiners.org, between 6:30 p.m. to 7:30 p.m. the evening of the meeting, and provide their proper name, full address and the question. Comments will also be received at 7:30 p.m. by dialing 732.839.3003 ID 776-382-8466# or by joining the Board of Education Zoom Meeting. The Zoom Meeting Link will be posted on the District's website by 7:15 p.m. for anyone wanting to make a public comment; your **video** must be turned on. If you do not have video, you must call the audio phone line.

The President shall direct all inquiries or comments to the appropriate Administrator or Board member for response, as appropriate. The law requires a period of public comment at our meetings, not a question or answer session or debate. The board president at his discretion may or may not feel it is appropriate to answer questions raised during the public comment period. The board and administration do take all public comments seriously and consider them when conducting business.

The President may interrupt, warn, or terminate a participant's statement when the statement is too lengthy, abusive or obscene. In addition, Security Personnel may direct any individual to leave the meeting when that person does not observe reasonable decorum, whether the person is at the microphone or at any other place in the meeting room. New Jersey law makes it a crime for any person to intentionally disrupt a public meeting. Law enforcement will be contacted if a person disrupts the meeting and fails to desist after being directed to do so.

Finally, we ask that you silence all electronic devices.

0164.6 REMOTE PUBLIC BOARD MEETINGS DURING A DECLARED EMERGENCY

M

A. Purpose – N.J.A.C. 5:39-1.1

1. The purpose of N.J.A.C. 5:39-1.1 et seq. and Bylaw 0164.6 is to ensure a Board of Education or Board of Trustees of a charter school can conduct official public business in an open and transparent manner whenever a declared emergency requires a local public body to conduct a public meeting without physical attendance by members of the public.
2. Nothing in N.J.A.C. 5:39-1.1 et seq. prevents a local public body from holding a remote public meeting under such other circumstances as may be permitted by the Open Public Meetings Act, N.J.S.A. 10:4-1 et seq.

B. Definitions – N.J.A.C. 5:39-1.2

For the purpose of this Bylaw and in accordance with N.J.A.C. 5:39-1.2, the following words and terms have the following meanings, unless the context clearly indicates otherwise:

"Adequate notice" shall have the same definition as at N.J.S.A. 10:4-8; however, for the purpose of N.J.A.C. 5:39-1.1 et seq., and to the extent not otherwise set forth at N.J.S.A. 10:4-8, the notice transmitted to at least two newspapers for publication may occur through electronic mail or other electronic means that is accepted or requested by the newspaper.

"Annual notice" means a schedule of regular meetings of the public body to be held in the succeeding year noticed pursuant to N.J.S.A. 10:4-8 and 10:4-18. For the purpose of N.J.A.C. 5:39-1.1 et seq., the annual notice may be transmitted through electronic mail to newspapers and persons requesting an annual notice pursuant to N.J.S.A. 10:4-18. If the declared emergency prevents the local public body from mailing an annual notice to individuals requesting notice pursuant to N.J.S.A. 10:4-18, it shall be mailed to individuals for whom the local public body does not have an electronic mail account as soon as practicable.

"Board" or "Board of Education" means a Board of Education or a Board of Trustees of a charter school as defined as a "local public body" or "public body" as per N.J.A.C. 5:39-1.2.

"Declared emergency" means a public health emergency, pursuant to the Emergency Health Powers Act, P.L. 2005, c. 222 (N.J.S.A. 26:13-1 et seq.), or a state of emergency, pursuant to P.L. 1942, c. 251 (N.J.S.A. App.A.9-33 et seq.), or both, or a state of local disaster emergency that has been declared by the Governor and is in effect.

"Electronic notice" means advance notice available to the public via electronic transmission of at least forty eight hours, giving the time, date, location and, to the extent known, the agenda of any regular, special, or rescheduled meeting, which shall accurately state whether formal action may or may not be taken at such meeting.

"Internet" means the international computer network of both Federal and non-Federal interoperable packet switched data networks.

"Live streaming" means the live audio and video transmission of a remote public meeting over the Internet.

"Local public body" means any "public body," as that term is defined in N.J.S.A. 10:4-8, with territorial jurisdiction equal to or less than a county. This term shall include Boards of Education, counties, municipalities, boards and commissions created by one or more counties or municipalities, and any authorities subject to N.J.S.A. 40A:5A-1 et seq., including fire districts and other special districts, along with joint meetings or regional service agencies as defined in N.J.S.A. 40A:65-3.

"Public business" means and includes all matters which relate in any way, directly or indirectly, to the performance of the public body's functions or the conduct of its business.

"Public meeting" means and includes any gathering whether corporeal or by means of communication equipment which is attended by, or open to, all of the members of a public body, held with the intent, on the part of the members of the body present, to discuss or act as a unit upon the specific public business of that body. Meeting does not mean or include any such gathering (1) attended by less than an effective majority of the members of a public body, or (2) attended by or open to all the members of three or more similar public bodies at a convention or similar gathering.

"Remote public meeting" means a public meeting that is conducted by any means of electronic communication equipment permitted pursuant to N.J.A.C. 5:39-1.1 et seq.

C. Circumstances Under Which a Board of Education May Hold a Remote Public Meeting During a Declared Emergency for Conducting Public Business – N.J.A.C. 5:39-1.3

1. In addition to any circumstances under which public meetings held by means of communication equipment may be authorized pursuant to the Open Public Meetings Act, N.J.S.A. 10:4-1 et seq., the Board may hold a remote public meeting to conduct public business during a declared emergency if the emergency reasonably prevents the Board from safely conducting public business at a physical location with members of the public present.
2. If, during a declared emergency, the Board holds a physical meeting in a location where, pursuant to State and/or Federal guidelines meant to mitigate the risk of a contagious infection, the declared emergency necessitates capacity restrictions reducing the number of individuals that can be present in the meeting room to an amount below that reasonably expected for the public meeting by the Board, the Board must either hold the public meeting at another location with adequate capacity for the reasonably expected attendance by the public or hold the public meeting as both an in-person meeting and a remote public meeting.
 - a. As set forth at N.J.A.C. 5:39-1.4(c), no in-person meeting shall proceed if the room capacity does not permit any member of the public to attend.
3. Nothing in N.J.A.C. 5:39-1.3 shall be interpreted to prevent the Board from broadcasting the audio and/or video of, or taking remote public comment during, a public meeting that the public can physically attend without being subject to public health-related capacity restrictions.

D. Minimum Technological and Procedural Requirements for Remote Public Meetings Necessitated by a Declared Emergency – N.J.A.C. 5:39-1.4

1. If a declared emergency requires the Board to hold a remote public meeting to conduct public business, the Board shall use an electronic communications technology that is routinely used in academic, business, and professional settings, and can be accessed by the public at no cost.
 - a. Participant capacity on the selected platform should be consistent with

the reasonable expectation of the public body for public meetings of the type being held and shall not be limited to fewer than fifty public participants (beyond those persons required to conduct business at the meeting).

2. Remote public meetings may be held by means including, but not limited to, audio-only teleconferencing, electronic communications platforms with video and audio, and Internet-accessible technology, such as live-streaming.
 - a. If an electronic communications platform or Internet-accessible technology is being utilized for a remote public meeting, a telephonic conference line shall also be provided to allow members of the public to dial-in by telephone to listen and provide public comment as otherwise required by law.
 - b. The Board **shall** require members of the public to state, prior to providing public comment, whether they wish to speak and to identify themselves prior to speaking.
3. The Board shall provide the public with similar access to a remote public meeting as members of the Board, staff of the Board, and any individuals seeking one or more approvals from the Board.
 - a. If a remote public meeting is held by audio and video, the public shall also have the opportunity to participate in the meeting in both audio and video capacities.
 - b. The Board meeting held in-person shall not prohibit members of the public from attending in-person.
4. Any remote public meeting where sworn testimony is being taken shall be broadcast by video, as well as by audio.
 - a. All individuals giving sworn testimony at a remote public meeting shall appear by video in addition to audio.
5. Any presentations or documents that would otherwise be viewed or made available to members of the public physically attending the Board meeting shall be made visible on a video broadcast of the remote public meeting or

made available on the Internet website or webpage of the entity governed by the Board, or the Internet website or webpage of the entity responsible for appointing the members of the Board.

- a. If a document would be made available to individual members of the public in hard copy while physically attending the meeting, the document shall be made available in advance of the meeting for download through an internet link appearing either on the meeting notice, or near the posting of the meeting notice, both on the website and at the building where the meeting would otherwise be held.
 - b. If the Board does not have its own website, such documents shall be available upon request ahead of the meeting and provided through an official social media account if one exists.
6. The Board holding a remote public meeting shall allow members of the public to make public comment by audio, or by audio and video, if the remote public meeting is held over both audio and video, during the meeting.
 - a. In advance of the remote public meeting, the Board shall allow public comments to be submitted to the **Board Of Education Meeting at the District website: <https://www.lakewoodpiners.org>, between 6:30 p.m. and 7:30 p.m. the night of the board meeting.**
 - b. The Board shall **not accept** text-based public comment received during a remote public meeting held through an electronic communications platform or Internet-accessible technology. Public comments submitted before the remote public meeting through electronic mail shall be read aloud and addressed during the remote public meeting in a manner audible to all meeting participants and the public.
 - c. The Board shall impose a reasonable time limit, where permitted by law, of **three** minutes on individual public comments and the same limits shall be placed on the reading of written comments. Each comment shall be read from the beginning, until the time limit is reached. The Board may pass over duplicate written comments; however, each duplicate comment shall be noted for the record with the content summarized. If the Board elects to summarize duplicative comments, the Board must not summarize certain duplicative

comments while reading other duplicative comments individually.

7. The electronic communications technology used for a remote public meeting must have a function that allows the Board to mute the audio of all members of the public, as well as allow members of the public to mute themselves.
 - a. Any electronic communications platform or Internet-accessible technology used for a remote public meeting shall also allow the Board to regulate participation by individual members of the public.
 - b. A telephonic audio conference call line must have a queueing or similar function for regulating public comment.
8. Subject to D.5. and D.6. above, the Board shall adopt, by resolution, standard procedures and requirements for public comment made during a remote public meeting, as well as for public comments submitted in writing ahead of the remote public meeting.
 - a. Such procedures and requirements shall include standards of conduct to be followed by members of the public when making comment.
 - b. The procedures and requirements for making public comment, along with an explanation of the audio muting function of the electronic communications platform being used, shall be announced at the beginning of the remote public meeting.
 - c. Regulation of conduct by members of the public on a remote public meeting shall be consistent with law and practices followed if a member of the public disrupts an in-person meeting. The following procedures shall be incorporated:
 - (1) The Board shall facilitate a dialogue with the commenter to the extent permitted by the electronic communications technology;
 - (2) If a member of the public becomes disruptive during a remote public meeting, including during any period for public comment, the member of the Board charged with running the remote public meeting shall mute or continue muting, or direct appropriate staff to mute or continue muting, the disruptive

member of the public and warn that continued disruption may result in being prevented from speaking during the remote public meeting or removed from the remote public meeting.

- (a) Disruptive conduct includes sustained inappropriate behaviors, such as, but not necessarily limited to, shouting, interruption, and use of profanity.
- (3) A member of the public who continues to act in a disruptive manner after receiving an initial warning may be muted while other members of the public are allowed to proceed with their questions or comments.
 - (a) If time permits, the disruptive individual shall be allowed to speak after all other members of the public have been given the opportunity to make their comment. Should the person remain disruptive, the individual may be muted or kept on mute for the remainder of the remote public meeting, or removed from the remote public meeting.

9. Electronic communications platforms and Internet-accessible technologies used for remote public meetings shall be hosted on FedRAMP Moderate Impact Level Authorized dedicated servers or in a FedRAMP Moderate Impact Level Authorized Cloud, unless the host of the dedicated servers or cloud provides annual evidence of satisfactory cybersecurity internal controls through a SOC2 audit report.

- a. When using cloud services, the technology vendor shall check provider credentials and contracts to ensure FedRAMP Moderate Impact compliance unless annual evidence of satisfactory internal controls is provided through a SOC2 audit report.

E. Notice of Remote Public Meetings; Statement in Minutes – N.J.A.C. 5:39-1.5

- 1. Adequate notice of a remote public meeting must include, in addition to the content required pursuant to N.J.S.A. 10:4-8, clear and concise instructions for accessing the remote public meeting, the means for making public comment, and where relevant documents, if any, will be made available.

2. In addition to adequate notice, the Board shall also provide electronic notice of a remote public meeting, except as may be permitted pursuant to N.J.S.A. 10:4-9.3 and E.3. below.
 - a. The electronic notice shall contain the content required pursuant to N.J.S.A. 10:4-8 and 10:4-9.1 and E.1. above, and shall be posted on the Internet website or webpage of Board and/or school district, or the entity responsible for appointing the members of the Board.
 - (1) If the Board does not have a website, electronic notice shall be provided on an official social media platform of the Board; however, electronic notice is not required if the Board does not have an internet presence.
 - (2) Unless otherwise prohibited by the declared emergency, the content of the electronic notice shall also be posted on the main access door of the building where the public would routinely attend public meetings of the Board in-person. The notice must be viewable from the outside.
3. If during a declared emergency the Board elects to issue electronic notice of a remote public meeting in lieu of, rather than in addition to, adequate public notice, as permitted pursuant to N.J.S.A. 10:4-9.3, the Board shall limit public business discussed or effectuated at the meeting to matters:
 - a. Necessary for the continuing operation of government and which relate to the emergency declaration connected with the declared emergency; or
 - b. Requiring decision during the remote public meeting due to imminent time constraints.
4. Nothing in N.J.A.C. 5:39-1.5 prohibits the Board from holding a remote public meeting, notwithstanding the failure to provide adequate notice and electronic notice where permitted pursuant to N.J.S.A. 10:4-9.
5. If the Board expects to conduct remote public meetings for a series of regularly scheduled meetings advertised in its annual notice, the annual notice shall be

revised at least seven days prior to the next regularly scheduled meeting, indicating which meeting(s) will be held as a remote public meeting and shall contain clear and concise instructions for accessing those remote public meetings, the means for making public comment, and where relevant documents, if any, will be made available.

- a. In addition to the means of notice transmission required pursuant to N.J.S.A. 10:4-18, the revised annual notice shall be posted on the Internet website or webpage of the Board and/or school district, or the entity responsible for appointing the members of the Board.
- b. If the Board does not have its own website, the revised notice shall be provided on an official social media platform unless the Board does not have an Internet presence.
- c. Unless otherwise prohibited by the declared emergency, the content of the electronic notice shall also be posted on the door of the main public entrance to the building where the public would routinely attend public meetings held by the Board.

- (1) Notice must also be posted on the door for any designated and clearly delineated handicap accessible entrance. These notices must be viewable from the outside.

- 6. If a previously scheduled Board meeting was to allow public attendance without a public health-related restriction as to capacity, but the Board intends to hold the same meeting as a remote public meeting due to a declared emergency and the change is not reflected in a revised annual notice issued pursuant to E.5. above, the Board shall issue adequate and electronic notice for said meeting pursuant to E.1. and E.2. above as if the meeting were not included in the annual notice.
- 7. At the commencement of every remote public meeting of the Board, the person presiding shall announce publicly, and shall cause to be entered in the minutes of the meeting, an accurate statement to the effect that:
 - a. Both adequate and electronic notice of the meeting has been provided, specifying the time, place, and manner in which such notice was provided;

- b. Only electronic notice of the meeting has been provided, specifying the time, place, and manner in which such notice was provided, and that discussion and effectuation of public business shall be limited to only those matters:
 - (1) Necessary for the continuing operation of government and that relate to the applicable emergency declaration; or
 - (2) Requiring decision during the remote public meeting due to imminent time constraints; or
- c. That adequate notice and electronic notice was not provided, in which case such announcement shall state:
 - (1) The reason(s) why the matter(s) discussed are of such urgency and importance, as contemplated pursuant to N.J.S.A. 10:4-9(b)(1), and the nature of the substantial harm to the public interest likely to result from a delay in the holding of the meeting;
 - (2) That the remote public meeting will be limited to discussion of, and acting with respect to, such matters of urgency and importance;
 - (3) The time, place, and manner in which notice of the meeting was provided; and
 - (4) Either that the need for such meeting could not reasonably have been foreseen at a time when adequate notice and/or electronic notice could have been provided, in which event, such announcement shall specify the reason why such need could not reasonably have been foreseen; or that such need could reasonably have been foreseen at a time when adequate notice and/or electronic notice could have been provided, but such notice was not provided, in which event the announcement shall specify the reason why adequate notice and/or electronic notice was not provided.

A Guide to Safety with School Meals in the Wake of COVID-19

As the world continues the long journey back to normalcy after the COVID-19 pandemic, many students are gearing up to start a new academic year faced with new, extraordinary challenges. The start of a school year can cause anxiety for both new and returning students and parents, and recent events have added reasonable concerns about health and

safety in the wake of the global pandemic that altered the way we live, work and learn. Sodexo understands these concerns, and we are committed to protecting the health and safety of everyone who eats in our schools, as well as all members of our foodservice staff.

Sodexo is committed to promoting healthier food choices and encourages students and families to use the USDA MyPlate to build healthy and balanced meals.
