Staff roles are extremely diverse and range from part time domestic and catering staff through to full time academic colleagues, librarians, office staff, sports coaches, facilities and estates staff. Salaries are set based on the nature of the work to be undertaken regardless of gender. Our staff profile is clearly reflected in our gender pay gap. Across the Foundation most of our part time domestic staff are female and the majority of our full time academic staff are male – however this is not an indication of an equal pay concern.

Bonuses within the Schools are not routinely paid. Of the small number who do receive a contractual bonus due to the nature of the role that they perform, the majority are male. These payments skew the mean bonus data in favour of male staff.
