RJUHSD's Unified Sports Day Scores a Slam Dunk with Sacramento Kings Mascot Appearance!

Roseville, CA – Roseville Joint Union High School District is proud to announce its upcoming Unified Sports Day Basketball games, taking place on **Friday, December 12 at 9:00 AM at Woodcreek High School (2551 Woodcreek Oaks Blvd, Roseville).** This inspiring event will bring together student-athletes from across the district to celebrate inclusion, teamwork, and the unifying power of sports.

Unified Sports, an initiative that pairs individuals with and without intellectual disabilities on the same team, is built on the belief that training and competing together promotes unparalleled friendships, deep understanding, and a genuine sense of belonging for all involved. By breaking down barriers and encouraging acceptance, the program allows every participant to feel valued and supported.

At the December 12 event, athletes will come together for basketball games designed to promote teamwork, sportsmanship, and community pride. Special guest, Slamson, the Sacramento Kings mascot, will make a special appearance to spend time with athletes and students, adding extra excitement and fun to the day. Students, teachers, families, and district leaders will be on hand to cheer on our athletes, creating an atmosphere of celebration and encouragement!

Ongoing Commitment Throughout the Year
This Unified Sports Day is not a one-time event; this week marks the third sports event of a series of inclusive activities that will continue throughout the school year across multiple campuses within the district. These ongoing activites give students opportunities to develop their athletic skills, showcase their determination, and strengthen district-wide connections both academically and athletically.

Media interested in attending or scheduling interviews, reach out to:
