West Park Cheer "Ate and Left No Crumbs": A Historic First State Championship and National Sweep

Roseville, CA - West Park High School is celebrating its first-ever State Championship. Just six years after opening its doors, the Competitive Cheer program has shattered school records by securing a San Joaquin Section title and capping the season with a monumental State Championship victory.

This achievement marks a turning point for West Park athletics. Among the three Section championships in school history, Competitive Cheer holds a unique place in the record books as the first program to ever capture a team title.

The momentum continued at the **JAMZ Nationals** (*February 21-22*) where the team added several prestigious titles to their trophy case:

- Varsity Show Cheer Level 2 (Large): 1st Place / National Champions
- Varsity STUNT Group: 1st Place / National Champions
- JV STUNT Group: 1st Place / National Champions
- JV Show Cheer Level 1: 2nd Place
- Varsity STUNT Group: 3rd Place

The secret to this historic run lies in a rare mix of youth and deep-rooted chemistry. Led by only four seniors, this roster of sophomores and juniors achieved veteran milestones early in their development. With a core roster returning and a foundation of elite year-round training, West Park is positioned to dominate for seasons to come. The banners are coming home to Roseville, and the legacy begins now.
