

3RD GRADE

APRIL 2026

A note from the teachers:

Hello, next week students will begin their ELA state testing, on Tuesday and Thursday mornings. The following week, students will take their math tests, again on Tuesday and Thursday mornings. Please be sure your student comes to school on time, well rested, and has eaten breakfast.

On Wednesday, the 22nd, third grade will take a field trip to Amcor. We will get to take a tour around the facility. This will be brief and we won't have parents with us. However, our upcoming Lawrence History Field Trip, scheduled for May 7th, will have all the grownups that want to join us. We'll visit two cemeteries, Watkins Museum, and explore downtown. Be on the lookout for more information to come.

😊
3rd Grade Teachers
