Incredible Infants #002

Enjoy sensory activities, movement, and songs to support your child's brain development while also nurturing your parent-child relationship. Learn about parenting, child development, routines, and other topics of interest to the class participants. This is a non-separating class.

Toddlers #101

Explore the classroom, sing songs, read books, enjoy creative and messy projects and more during this class just for toddlers and parents! Connect with other parents on topics such as language acquisition, routines, nutrition, the importance of play, dealing with tantrums, and child development. Class #101 is a separating class.

Twos #201

You and your two-year-old will share time together enjoying painting, sensory activities, singing, playing with new toys and building creations! After circle time music and movement, the parent educator will lead discussions on topics such as sharing, independence, potty training, effective discipline techniques, self esteem, and more! This is a separating class.

Container Explorers #501

Children love containers! They use containers to play, create, eat, and store things. Stacking, dumping, filling boxes and buckets is part of play! We will develop language and math skills as we name and describe containers by color, size, shape and function. This is a non-separating class.

Vroom Vroom! #502

We will learn about cars, trucks, trains, planes, and boats through hands-on play, songs, and stories. We will explore how vehicles move and the sounds they make.

Bring your family together for creative activities, time together, and fun! This separating class also includes parent discussions on a variety of topics.

Field Trip Fridays! #506 9:45-11:45am
