

CISD Regular Board Meeting
President's Report
March 30, 2026

We want to begin by taking a moment to recognize the incredible work happening across our district. Every day, our teachers and staff show up with dedication, professionalism, and a deep commitment to our students. The Board sees that effort, and we are grateful. We also want to recognize and congratulate our Teachers of the Year who were celebrated last week. Congratulations and thank you.

Next, we want to follow through on a commitment we made earlier this year. When the VATRE was presented to our community and ultimately passed in November, this Board made a promise to our staff. As part of that commitment, we provided a \$1,000 payment in November, and I'm pleased to remind everyone that an additional \$1,000 will be included in your April paycheck. This is one way we can say thank you for the important work you do each day and for the role you play in the success of our district.

In addition, as a direct result of the VATRE passing, the Board has asked the administration to bring forward a salary recommendation in April. Our goal is to move toward a more competitive compensation structure across all disciplines in the district. We know that attracting and retaining high-quality staff requires us to remain competitive, and we are committed to making thoughtful, strategic decisions in this area.

Finally, I want to reiterate an important opportunity for those interested in helping shape the future of our district. The application period to serve on a transition team for the campus consolidation effort will close on April 3. This is a meaningful opportunity to contribute, and it does require a 12-month commitment. I encourage anyone who is interested to consider applying before the deadline.

Thank you again to our staff, our students, and our community for your continued support. We are proud of the direction we are heading and the work we are doing together.
