A Message from the ASSISTANT Principal!

Please check out this week's special message from Dr. Legueri regarding the upcoming CMAS testing in April!

CMAS, or the Colorado Measure of Academic Success, will take place April 7th through April 16th. This is a required element of being a Colorado public charter school, and an **essential opportunity** for students, parents, and teachers to evaluate their progress toward mastery of the Colorado State Standards. *Please avoid planning trips and appointments during this window so that your student can participate fully in testing.* To help parents understand the importance of CMAS testing, we have been sharing a series of videos. In this final video, we interview Mrs. Lehr, Lincoln Board President, who shares with us the perspective of the Board on this important yearly event. Enjoy!

If you have any questions regarding CMAS, please email Dr. Legueri at terril.legueri@jeffco.k12.co.us.

Lincoln Academy CMAS Testing Window April 7-April 16

What is CMAS?

Colorado Measures of Academic Success (CMAS) assessments in english language arts, math, and science align with the Colorado Academic Standards and measure complex critical thinking and problem-solving.

What is the purpose?

- Teachers, schools, and districts use the information to determine the next steps in instructions and changes in programming to support learning.
- CMAS tests are one indicator used along with report cards, classroom performance, and teacher feedback to provide a complete picture of student progress.
- Knowing if students are meeting Colorado grade-level expectations give parents and teachers time to better prepare students for college and jobs after high school.
- Growth from CMAS results provides another dimension of performance beyond just achievement. Growth data helps identify areas of strength and areas that may need more attention and support.
