Summer Math: Build Confidence, Conquer Challenges!

- Serving students entering grades 5 - 9 who have been struggling with their math skills
- 70% of students who complete the program will gain a full grade level of math- or more!
- To inspire students, the classes will be at Napa Valley College

- 5 weeks: Mon - Thurs, June 15 through July 16*
- Classes meet 7 hours per day, 8:30am-3:30pm
- 20 days of instruction equaling nearly 1 full academic year of math
- Credentialed teachers supported by qualified teacher assistants

- Bus transportation from local schools to/from the NVC campus
- Breakfast and Lunch provided
- Opportunities for extended day activities

“Once you realize you can do math, you realize you can do anything!” - José Valdés

*Students who enroll are expected to commit to the entire 5 week program.
