Days of Intense Debate

## WHAT IS NHSMUN?

NHSMUN is an annual conference held in New York City where students from all over the world simulate the proceedings of the United Nations. The conference has hosted participants from more than 130 countries throughout its history.

NHSMUN's mission is to inspire the next generation of global leaders. Using workshops and simulations, the conference promotes an understanding of international affairs and develops students' skills in diplomacy, critical thinking, and compromise.

Students do countless hours of research on their assigned country and their various debate topics. Each student submits a "position paper"—a detailed description of their country's policy on the topic and their proposed solutions for the issue at hand. At the conference, students eagerly participate in every aspect of the conference. This includes delegate workshops, five committee sessions, and a briefing with the UN Permanent Mission representing their country in the real UN.
