A. General

1. Could the District please define what is allowed in the Appendices?

Request Item Permission

2. Will the District allow full resumes be put in the Appendix in lieu of Section 4? **YES**
3. Additionally, our typical fee schedule includes detailed hourly and testing information. Given the 11 pt. font minimum will the District allow for the full fee schedule to be included in the appendix? **Yes**
4. Can we include a Table of Contents in the proposal that is excluded from the page count? This will help with presentation and organization of the proposal. **Yes**
5. In regard to the Professional Services Agreement, EXHIBIT A: This RFQ is for materials testing and laboratory services which should result in limited or no interactions with the District's students and never without a District employee involved (in the event interactions are necessary to collect samples). Given the foregoing, if no or limited interaction is required, please advise if the District will still require Sexual Abuse/Molestation insurance coverage from the Consultant.

This will be required as there is always the potential for a consultant to access an active school site to complete work.
