Dawn C. Kaszuba
Principal

March 26, 2026

Dear Spartan Families,

We are writing to inform you of an important update regarding student use of Internet Enabled Devices at Ocean Township High School. In accordance with **P.L.2025, c.195**, all New Jersey school districts are required to implement a bell-to-bell restriction on student use of personal electronic communication devices during the school day by September, 2026. OTHS will be implementing a pilot this spring to prepare students for the transition.

The significant adjustment for Ocean Township High School students will be the prohibition of Chromebook and cell phone use during passing time and lunch. As part of the pilot, on April 13th, the school will conduct class meetings with students to introduce the new law, explain expectations, and explain the pilot related to internet-enabled devices. The following week, starting on Monday, April 20th, students will no longer be permitted to use cell phones or other internet-enabled devices (Chromebooks, Air pods, etc.) during those times.

Additional information regarding next year's full implementation will be shared as details are finalized. We appreciate your continued support as we implement this policy to maintain a positive and engaging learning environment for all students. Should you have any questions, please do not hesitate to contact the main office.

Sincerely,

Dawn Kaszuba
