## Safety Plan Vision

The Comprehensive School Safety Plan analyzes current safety conditions and school climate. In doing so, the plan describes programs in place at our school and defines the strategies and programs in place for continued improvement in providing a safe, orderly, school environment that is nurturing and conducive to learning. Appendices follow the action plan. These Appendices include specific, mandated policies and protocols connected to the safety strategies and programs described within the narrative of this document.

## Comprehensive School Safety Plan Requirements

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. State regulation requires the school site council or designated safety planning committee to write and develop the CSSP in consultation with a representative from a law enforcement agency, a fire department, and other first responder entities. The Comprehensive School Safety Plan for the current school year is reviewed, updated, and submitted to San Mateo County Office of Education by October 15th for review and approval. The District ensures that the CSSP is adopted by the school annually by March 1st; the CDE recommends the plan be approved by the (district) Board within a month of school adoption or as soon as possible. A copy of the Comprehensive School Safety Plan – Public Component is made available for review at the District Office and on the District Website. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

## Components of the Comprehensive School Safety Plan (EC 32282)

The Comprehensive School Safety Plan (CSSP) includes the following components:

Assessment of school crime committed on school campuses and at school-related functions; strategies and programs that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety; child abuse reporting procedures; disaster, emergency, and crisis response procedures; procedures to allow a public agency to use school buildings, grounds, and equipment for mass care and welfare shelters during an emergency, suspension and expulsion policies; annual notification related to the safe storage of firearms; the reporting by a school official of any threat or perceived threat to law enforcement; threat assessment procedures; procedures to notify teachers of dangerous pupils; discrimination and harassment policies; school-wide dress code policies; procedures for safe ingress and egress; policies enacted to maintain a safe and orderly environment; rules and procedures on school discipline and hate crime reporting procedures; procedures for responding to

dangerous or violent activities, criminal incidents, active shooters, or other armed assailants; procedures to respond to a sudden cardiac arrest or other similar life-threatening medical emergency while on school grounds; protocol for responding to a pupil in grades 7-12 who is suffering or is reasonably believed to be suffering from an opioid overdose; bullying prevention policies and procedures; an Instructional Continuity Plan.

The safety plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. Districts and County Offices of Education are encouraged to include strategies to create and maintain a positive school climate, mental health protocols for the care of students who have witnessed a violent act at any time, and clear guidelines for the roles and responsibilities of the following positions (if used):

- Mental Health professionals, school counselors
- Community Intervention Professionals
- School Resource Offices, police officers on campus

### **Assessment of School Safety**

Current Status of School Crime (EC 32282.1)

Assessment of School Safety, specifically, an assessment of the current status of school crime at the school and the school related functions is accomplished by reviewing one or more of the following types of information:

- Office Referrals
- Attendance rates/School Attendance Review Board
- Suspension/Expulsion data
- California Health Kids Survey
- School Improvement Plan
- Local law enforcement juvenile crime data
- Property Damage data

Describe the data reviewed, key analysis points, and findings. Document how this information was shared with your SSC/planning committee and date shared:

SSC & planning committee looked at the data listed above and discussed overall safety on February, 7, 2025. Office discipline referrals are reviewed monthly by PBIS team. Updates on instructional data as well as updates on attendance and ODR's are shared with School Site Council at regular meetings. PBIS Team meets to discuss data as well. School Site Council Met on Feb. 12, and March 4. PBIS Team met Jan. 16, Feb. 26, March 3, March 16.

We have 4 chronically absent students. 3 of those 4 have IEPs.

Zero suspensions to date. Zero property damage.

### **Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

This section includes appropriate strategies and programs that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

### **Student Threat Assessment Policy and Protocol**

Sections 49390 through 49395 of the California Education Code require that a school official of a local educational agency that serve pupils in any grades from six through twelve as part of a middle school or high school of any school district, county office of education, or charter school shall immediately report homicidal threats, or perceived homicidal threats, they have observed or been alerted to, directly to law enforcement. Upon receiving notification of a threat by a school official, law enforcement must conduct an investigation and threat assessment. The investigation and threat assessment must include a review of the Department of Justice's firearm registry and a search conducted at the school site, but "only if the search is justified by a reasonable suspicion that it would produce evidence related to the threat or perceived threat." LEAs must support law enforcement with investigating the threat and conducting a threat assessment.

The San Mateo County Office of Education operates the San Mateo County Student Threat Assessment Center that oversees the Student Threat Assessment Protocol/Process for all school districts in the county. The Student Threat Assessment Protocol and Process is designed for use with students who are engaged in circumstances that suggest the potential for aggression directed at other people, including procedures related to students bringing weapons on school campuses and at school related functions. The San Mateo County Student Threat Assessment Protocol is designed for Districts and/or school sites to oversee the site based multi-disciplinary Level 1 Threat Assessment team. A County-Wide Level 2 Student Threat Assessment Team that is Multi-Disciplinary Team made up of Leaders from San Mateo County Office of Education, Behavioral Health and Recovery Services, the Office of Consumer and Family Affairs, Juvenile Probation, Child and Family Services, Members of Law Enforcement and the County Attorney's Office. This team meets regularly and as needed to provide support to school sites and districts in assessing, responding to, and providing services to students who make targeted threats of violence or suggest the potential to do so.

**Annual updates and training on the protocol and process are provided by the San Mateo County Office of Education.**

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle or high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

#### **Notification to Parents/Guardians of Safe Storage of Firearms**

Section 48986 of the California Education Code (EC) requires that all kindergarten through grade twelve school districts, county offices of education, and charter schools shall annually inform parents and guardians of California's child access prevention laws and laws relating to the safe storage of firearms at the beginning of the first semester or quarter of the regular school term. School districts are encouraged to use the California Department of Education Template of Memoranda regarding Safe Gun Storage, or create their own.

Pacifica School District provides the following information regarding Safe Storage of Firearms to all Parents/Guardians annually at the beginning of the first semester/quarter or trimester of the regular school term:

As found in the Annual Notice to Parents and Guardians:

#### **Safe Gun Storage**

Guns are now the third leading cause of death for children in this country. Over 80 percent of the teens who commit suicide with a gun used one that belonged to someone in their home. Anyone who reasonably knows a child might access a firearm without permission, loaded or not, is criminally liable for where that firearm is taken, brandished, or how it is used. This includes all school facilities or activities, events, and public spaces. More information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines imprisonment, and civil liability. When there is a threat of a homicide, school staff shall notify law enforcement. [EC 48980, 48986, 49390, 49391, 49392; PC 2500-25140]

## Suicide Prevention Policy and Protocol

Suicide is one of the leading causes of death among youth. School personnel who regularly interact with students are often in a key position to recognize warning signs and initiate assistance and/or an appropriate referral. The San Mateo County Suicide Prevention Protocol for Schools provides schools/districts with a comprehensive approach to prevention, intervention and postvention strategies for students struggling with suicide and self-injurious behavior.

Measures and strategies specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. Prevention and Intervention strategies are developmentally appropriate for the student population that is being served. San Mateo County Suicide Prevention Protocol for Schools addresses the following:

- Strategies to help promote a positive school climate
- Staff development on suicide awareness and prevention for all K-12 staff
- Instruction to students in problem-solving and coping skills as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- Information to parents/guardians regarding risk factors and warning signs of suicide, basic steps for helping suicidal youth and school and community resources.
- Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
- Crisis intervention procedures for addressing suicide threats or attempts
- Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide.

### Suicide Prevention (BP 5141.52)

The Governing Board recognizes that suicide is a leading cause of death among youth, prevention is a collective effort that requires stakeholder engagement, and school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior, its impact on students and families, and other trauma associated with suicide, the Superintendent or designee shall develop measures, strategies, practices, and supports for suicide prevention, intervention, and postvention.

In developing policy and procedures for suicide prevention, intervention, and postvention, the Superintendent or designee shall consult with school and community stakeholders, school-employed mental health professionals, suicide prevention experts, and, in developing policy for grades K-6, the county mental health plan. (Education Code 215)

School and community stakeholders and school mental health professionals with whom the Superintendent or designee shall consult may include district and school administrators, school counselors, school psychologists, school social workers, school nurses, other staff, parents/guardians and caregivers, students, local health agencies, mental health professionals, community organizations, law enforcement, legal counsel, and/or the district's risk manager or insurance carrier. The Superintendent or designee may also collaborate with county and/or city governments in an effort to align district policy with any existing community suicide prevention plans.

Measures and strategies for suicide prevention, intervention, and postvention shall include, but are not limited to: Staff development on suicide awareness and prevention for teachers, interns, school counselors, and others who interact with students, including, as appropriate, substitute teachers, coaches, expanded day learning staff, crossing guards, tutors, and volunteers

Instruction to students in problem-solving, coping, and resiliency skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others

Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students

The review of materials and resources used in awareness efforts and communications to ensure they align with best practices for safe and effective messaging about suicide

The provision of information to parents/guardians and caregivers regarding risk and protective factors, warning signs of suicide, the severity of the suicide problem among youth, the district's suicide prevention curriculum, the district's suicide prevention policy and procedures, basic steps for helping suicidal youth, the importance of communicating with appropriate staff if suicide risk is present or suspected, access to suicide prevention training, and/or school and community resources that can help youth in crisis

Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions

Crisis intervention procedures for addressing suicide threats or attempts

Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

Establishment of district and/or school-site crisis intervention team(s) to ensure the proper implementation and review of this policy and other district practices related to the emotional and behavioral wellness of students, including, but not limited to, the oversight of mental health and suicide prevention training, collaboration with community mental health organizations, identification of resources and organizations that provide evidence-based treatment, collaboration to build community response, and compliance with Education Code 215

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning. (Education Code 215)

The Board shall ensure that measures and strategies for students in grades K-6 are age appropriate and delivered and discussed in a manner that is sensitive to the needs of young students. (Education Code 215)

If a referral is made for mental health or related services for a student in grade K-6 who is a Medi-Cal beneficiary, the Superintendent or designee shall coordinate and consult with the county mental health plan. (Education Code 215)

District employees shall act only within the authorization and scope of their credential or license. Nothing in this policy shall be construed as authorizing or encouraging district employees to diagnose or treat mental illness unless they are specifically licensed and employed to do so. (Education Code 215)

The Board shall review, and update as necessary, this policy at least every five years. The Board may, at its discretion, review the policy more frequently. (Education Code 215)

The Superintendent or designee shall periodically review district data pertaining to school climate and reports of suicidal ideation, attempts, or death to identify patterns or trends and make recommendations regarding program development.

The Superintendent or designee shall post this policy on the district's web site, in a prominent location and in a manner that is easily accessible to parents/guardians and students. (Education Code 234.6) Status: ADOPTED

### **Naloxone for Schools Toolkit to Reverse Opioid Overdoses (Optional)**

Recent increases in opioid overdose-related deaths span across adult and youth populations, indicating that schools should develop and implement additional safety nets to protect students and school staff. In addition to drug awareness and education programs, schools and districts in San Mateo County can implement the [Coalition for Safe Schools and Communities Naloxone Protocol for Schools](#) to reverse opioid overdoses on campus.

San Mateo County Office of Education partners with the State of California to offer the Naloxone Distribution Project (NDP) to San Mateo County schools and districts. The NDP aims to reduce opioid-overdose deaths through training and the provision of free

Naloxone. All TK-12 public school districts, charter schools, and private schools may participate. School Districts, Offices of Education and Charter School Entities shall establish minimum standards of training for the administration of naloxone hydrochloride or another opioid antagonist that satisfies the requirements of California Education Code 49414.3.

The Naloxone for Schools Toolkit complies with Education Code requirements detailing how to train staff, obtain, and administer Naloxone. San Mateo County Office of Education offers training on the Naloxone Toolkit to all schools in San Mateo County.

Jason Koenigsberg, Tiffany Hanna has been trained in the use of Naloxone and the Naloxone Toolkit for Schools and is implementing the protocol in Pacifica School District Schools.

The Governing Board believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should be able to participate in the educational program.

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan, as applicable.

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing parents/guardians to administer medication to their child at school, designate other individuals to do so on their behalf, and, with the student's authorized health care provider's approval, request the district's permission for the student to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

The Superintendent or designee shall make epinephrine auto-injectors available at each school for providing emergency medical aid to any person suffering, or reasonably believed to be suffering, from an anaphylactic reaction. (Education Code 49414)

The Superintendent or designee shall make naloxone hydrochloride or another opioid antagonist available for emergency medical aid to any person suffering, or reasonably believed to be suffering, from an opioid overdose. (Education Code 49414.3)

Because of the conflict between state and federal law regarding the legality of medicinal cannabis, the Board prohibits the administration of medicinal cannabis to students on school grounds by parents/guardians or school personnel.

The Superintendent or designee shall collaborate with city and county emergency responders, including local public health administrators, to design procedures or measures for addressing an emergency such as a public disaster or epidemic.

#### Administration of Medication by School Personnel

When allowed by law, medication prescribed to a student by an authorized health care provider may be administered by a school nurse or, when a school nurse or other medically licensed person is unavailable and the physician has authorized administration of medication by unlicensed personnel for a particular student, by other designated school personnel with appropriate training. School nurses and other designated school personnel shall administer medications to students in accordance with law, Board policy, administrative regulation, and, as applicable, the written statement provided by the student's parent/guardian and authorized health care provider. Such personnel shall be afforded appropriate liability protection.

The Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by, and provided with immediate communication access to, a school nurse, physician, or other appropriate individual.

The Superintendent or designee shall maintain documentation of the training and ongoing supervision, as well as annual written verification of competency of other designated school personnel.

## **Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

Teachers and support staff are mandated reporters and are required by the State of California to report any known or suspected instances of child abuse or neglect to the county child welfare department or to a local law enforcement agency. No proof of abuse or neglect is needed, only "reasonable suspicion" that child abuse or neglect may have occurred. Any concern about the possibility of child abuse or neglect must be reported. Investigations will be conducted by law enforcement and/or the county child welfare department to determine if abuse or neglect has occurred.

Mandated reporters must report to the County Child Welfare Department or to local law enforcement immediately by phone. A written report must then be sent within 36 hours by fax, or it may be sent by electronic submission, if a secure system has been made available for that purpose in the county. Written reports must be submitted on the California Suspected Child Abuse Report Form 8572. Telling a supervisor does not meet the mandated reporting requirement. If a decision is made that the supervisor will complete and submit the report to the county child welfare department or law enforcement agency, then one report is sufficient.

For mandated reporters, Penal Code 11172 (a) provides absolute immunity from state criminal or civil liability for reporting as required. This immunity applies even if the mandated reporter acquired the knowledge or reasonable suspicion of abuse or neglect outside of his or her professional capacity or scope of employment. However, mandated reporters will only have immunity under federal claims if the report was made in good faith.

Legally mandated reporters can be criminally liable for failing to report suspected abuse or neglect. The penalty for this misdemeanor is up to six months in jail and/or up to a \$1,000 fine. Mandated reporters can also be subject to a civil lawsuit and found liable for damages, especially if the child victim or another child is further victimized because of the failure to report.

## **Child Abuse Reporting Procedures (BP 5141.4)**

The Governing Board is committed to supporting the safety and well-being of district students and desires to facilitate the prevention of and response to child abuse and neglect. The Superintendent or designee shall develop and implement strategies for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect.

The Superintendent or designee may provide a student who is a victim of abuse with school-based mental health services or other support services and/or may refer the student to resources available within the community as needed.

## **Child Abuse Prevention**

The district's instructional program may provide age-appropriate and culturally sensitive child abuse prevention curriculum which explains students' right to live free of abuse, includes instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, informs students of available support resources, and teaches students how to obtain help and disclose incidents of abuse.

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction. (Education Code 51900.6)

The Superintendent or designee may display posters, in areas on campus where students frequently congregate, notifying students of the appropriate telephone number to call to report child abuse or neglect. (Education Code 33133.5)

In addition, student identification cards for students in grades 7-12 shall include the National Domestic Violence Hotline telephone number. (Education Code 215.5)

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

## **Child Abuse Reporting**

The Superintendent or designee shall establish procedures for the identification and reporting of known and suspected child abuse and neglect in accordance with law.

Procedures for reporting child abuse shall be included in the district and/or school comprehensive safety plan. (Education Code 32282)

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

The Superintendent or designee shall provide training regarding the duties of mandated reporters as required by law and as specified in the accompanying administrative regulation. (Education Code 44691; Penal Code 11165.7)

## **Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Big Five: Immediate Action Emergency Response for Schools Protocol and Hazard Response Protocol**

The San Mateo County Office of Education, in collaboration with Local Law Enforcement, County Government and Local Fire Departments, created the Big Five Immediate Action Emergency Response for Schools Protocol and Hazard Responses Protocol for all public, private and charter Schools in the County and update the protocols annually as needed. The Big Five Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. The Protocol is consistent with the guidelines established in California's Standardized Emergency Management System and integrate the procedures of the National Emergency Management System. All employees of the district are Disaster Service Workers, as defined by the California Emergencies Services Act, and are subject to such disaster service activities as may be rightfully assigned to them. All employees shall be required to subscribe to the oath or affirmation required by the Act.

When an emergency occurs, staff members take immediate steps to protect themselves, their students, and other people on campus. Staff, certificated and classified, are provided opportunities annually to be trained on the Big Five School Emergency Guidelines Immediate Action Response and Hazard Responses Protocol. The Big Five School Emergency Guidelines trainings specifically include training on the following:

- Earthquake preparedness, response, and recovery actions. Including Drop, Cover, and Hold On response protocols.
- Fire and Smoke, bomb threat or explosion, dangerous wildlife, bioterrorism and hazardous material spill or leak procedures which may result in a Shelter-In-Place
- Evacuation/Relocation procedures and Student Release to Family for Reunification procedures
- Secure Campus procedures for act of violence or danger of violence in the surrounding community
- Lockdown/Barricade procedures for a violent intruder on school premises

The Hazard Responses Protocol includes guidance in the event of the following hazards: Chemical and Gas, High Winds, Fire Off-Site, Fire On-Site, Power Outages, Poor Air Quality, Heat Events, Heat-Related Illness, Tsunami, and Medical Emergency.

Staff members must learn and train on each Big Five Immediate Action Response and Hazard Responses and be prepared to perform assigned responsibilities. All students must be familiar with actions to take in the event that a Big Five response is implemented. It is highly recommended that school staff and students participate in Big Five trauma-informed, developmentally appropriate emergency drills monthly. Tabletop exercises, walk-through drills, and social stories are examples of trauma-informed and developmentally appropriate training and drills to be used by school sites. Big Five signage and instructions are publicly displayed at all school sites.

### **Procedures to prepare for active shooters or other armed assailants**

School site staff should participate in action-oriented Lockdown/ Barricade (active shooter) drills. The Think on Your Feet Peet Book, which teaches young students what to do during a Lockdown/Barricade, Table-Top exercises, or Walk-Through Drills can be used in lieu of violent intruder drills or simulations when students are present. State regulations require that any Lockdown/Barricade drill conducted with students may not be high-intensity and must comply with the outlined requirements of EC 32282(K).

### **Immediate Action Responses**

<b>ACTION</b>	<b>DESCRIPTION</b>
<b>SHELTER IN PLACE</b>	For environmental hazards: Go inside immediately. Close doors, windows, and vents.
<b>DROP, COVER, &amp; HOLD ON</b>	For earthquakes and explosions: Protect from falling debris. Drop to the floor. Take cover and hold on.
<b>SECURE CAMPUS</b>	For potential threats of violence nearby: Go inside the nearest building. Close and lock all doors. Remain inside until threat has passed.
<b>LOCKDOWN/BARRICADE</b>	For immediate threats of violence on premises: Go inside. Lock and barricade all doors. Cover windows and turn off lights. Remain quiet and alert.
<b>EVACUATION</b>	When conditions outside are safer than inside: Employ "Look, Listen, and Leave". Exit the building and move to a safe location.

### **Cardiac Arrest or Similar Life-Threatening Medical Emergency While on School Grounds**

In accordance with state regulation, safety plans are required to include procedures to respond to incidents involving an individual experiencing a sudden cardiac arrest or a similar life-threatening medical emergency while on school grounds. General procedures to follow for a medical emergency on school grounds, including after school programs and events, are included in the Hazard Response Protocol. Staff are provided information and training annually by Pacifica School District on the use and location of any automated external defibrillator (AED); principals must notify pupils in grades 6-12 of the location of all AED units on campus.

The Governing Board recognizes that all district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and threats of disaster. The district shall take all reasonable steps to prevent and/or mitigate the impact of a disaster on district students, staff, and schools.

The Superintendent or designee shall develop and maintain a disaster preparedness plan which contains routine and emergency disaster procedures, including, but not limited to, earthquake emergency procedures, and adaptations for individuals with disabilities in accordance with the Americans with Disabilities Act. Such procedures shall be incorporated into the comprehensive school safety plan. (Education Code 32282)

In developing the disaster preparedness plan, the Superintendent or designee shall involve district staff at all levels, including administrators, district police or security officers, facilities managers, transportation managers, food services personnel, school psychologists, counselors, school nurses, teachers, classified employees, and public information officers. As appropriate, he/she shall also collaborate with law enforcement, fire safety officials, emergency medical services, health and mental health professionals, parents/guardians, and students.

The plan shall comply with state-approved Standardized Emergency Management System (SEMS) guidelines established for multiple-jurisdiction or multiple-agency operations and with the National Incident Management System.

### ***Safe Routes to School Program (Optional Section)***

The San Mateo County Office of Education and Pacifica School District participates in the Safe Routes to School Program which results in less traffic congestion around schools; improved air quality; a greener, healthier community; and an increase in self-reliance among San Mateo County children who walk and bike to school. The San Mateo County Safe Routes to School Program provides bike and pedestrian education and walk audits that assess the walkability and bike ability of a school and its surrounding environment. These audits include analyzing traffic patterns and travel to and from a school. Walking and biking route maps can also be generated to support safe and efficient travel flow to and from a school. San Mateo County Safe Routes to School program places particular emphasis on providing access and support for students whose families have limited financial means, students of color, students of all genders, and students with disabilities, and works to provide additional resources to schools in low-income communities, particularly technical assistance for schools serving low-income communities with higher rates of traffic collisions involving pedestrians and cyclists. The program fosters a city/school relationship around infrastructure for safe walking and bicycling to school.

### ***Electrical Bicycles (E-Bikes) (Optional Section)***

San Mateo County Office of Education Safe Routes to School offers electrical bicycle (e-bike) safety resources for student safety. E-bike riders must follow all traffic rules and regulations. Schools permitting e-bikes on school grounds communicate to families the types of bikes permitted, the e-bike policy, the process of permitting by the school district, and require student riders to take an online e-bike safety class that includes lithium-ion battery safety tips. E-bike batteries are not permitted to be charged on school grounds. Students are required to walk e-bikes when entering school grounds, including parking lots, and store the bike in the designated location. E-bikes are stored away from exit doors and anything that can become hot or catch fire. A legal e-bike has working pedals, a maximum of 750 watts, and a maximum speed capability of 20mph for a Class 2 e-bike. Students age 17 and under are required by law, California Vehicle Code 21212a, to wear a properly fitted and fastened helmet when riding an e-bike. State regulations require riders of Class 3 e-bikes to be at least 16 years of age.

As the use of e-bikes continues to grow among students, promoting e-bike safety has become an important part of our school's safety efforts. E-bikes can offer a fun, efficient, and environmentally friendly way for students to get to and from school; they require responsible riding practices. The school encourages all students and families to review and follow California laws related to e-bike use, including helmet requirements, age restrictions for certain classes of e-bikes, and safe riding behaviors. Our school supports e-bike safety education, including proper speed control, awareness of traffic laws, and the importance of staying alert while riding. Ongoing collaboration with local law enforcement, Safe Routes to School programs, and community partners promotes safe riding habits and reduces the risk of injury.

### **A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)**

The Pacifica School District works to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe, connected, and take pride in their school and their achievements. Positive relationships between all members of the school community are paramount.

#### ***Positive School Climate:***

School climate refers to the quality and character of school life. School climate is based on patterns of school life for all stakeholders, including students, parents, and staff. A school's climate reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures. A positive school climate fosters positive youth development and supports a high-quality learning environment that provides young people with the foundation to pursue productive and rewarding lives.

Evidence of a positive school climate includes the following:

- Norms, values, and expectations that support social, emotional, and physical safety
- Respectful and engaging interactions and relationships
- A shared school vision that includes students, families, and educators working together
- Educators who lead by example and nurture positive attitudes

- Meaningful participation in the operations of the school and care of the physical environment by all stakeholders

Pacifica School District prioritizes and promotes the development of positive school climate at all schools, which is facilitated by a tiered system of support for students. Tier 1 supports include the Caring School Communities Social-Emotional Learning curriculum, as well as school and class wide proactive interventions and clear expectations for behavior. Tier 2 interventions include counseling services, small-group support and behavior intervention plans. Tier 3 interventions are intensive, specialized services, most often driven by assessment and including special education services. The District also employs a restorative approach to discipline where by students receive meaningful consequences that help them to recognize the harm their behavior has caused and then take steps to repair this harm productively. Suspension may only be used when all other means of correcting behavior have been exhausted.

***Programs/Procedures to Address Mental Health Care for Students Who Have Witnessed a Violent Act (Optional)***

Students who have witnessed a violent act at school or at a school sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found to be significantly associated with psychological trauma symptoms. Schools should work to identify these students and provide appropriate and timely linkage to mental health services.

School counselors are available to serve all students in Pacifica School District. Based on the particular difficulty prompting a referral for counseling, students may have ongoing counseling sessions, or shorter-term sessions, which may be the type of intervention needed for a student who has witnessed a violent act. If the student's needs are such that more intensive services are needed, the District will work to link the family with these resources.

***Mental Health Supports and School Resource Officers on Campus (EC 32282.1) (Optional)***

Pacifica School District recognizes that to maintain a positive school climate, promote school safety, and increase pupil achievement, mental health and intervention services including restorative and transformative justice programs and positive behavior interventions and support must be prioritized.

The following procedures, protocols, and board policies pertain to how the mental health professionals, school counselors, and school resource officers (if utilized) work directly with students to create and maintain a positive school climate for students:

Pacifica School District prioritizes and promotes the development of positive school climate at all schools, which is facilitated by a tiered system of support for students. Tier 2 interventions include counseling services, small-group support and behavior intervention plans. Tier 3 interventions are intensive, specialized services, most often driven by assessment and including special education services. The Tier 1 and Tier 2 supports are often delivered or directly supported by school counselors. The District also employs a restorative approach to discipline where by students receive meaningful consequences that help them to recognize the harm their behavior has caused and then take steps to repair this harm productively. Suspension may only be used when all other means of correcting behavior have been exhausted. Pacifica School District's goal is to maintain a school environment where students feel safe, expectations are clear and there are multiple opportunities for students to enhance their engagement in learning.

***School Discipline Rules and Consequences (EC 35291 and EC 35291.5)***

Ortega Elementary School is committed to providing a safe, supportive and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. High expectations of student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for discipline measures that exclude students from instruction as a means for correcting student misbehavior.

The Pacifica School District employs a restorative approach to school discipline whereby students recognize the harm their behavior may have caused and take steps to repair the damage and proceed appropriately. It is the District's priority that meaningful alternatives to suspensions are implemented in response to behavioral transgressions.

Any other state or federal educational program the Superintendent of Public Instruction or designee deems appropriate  
The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process for resolving a complaint in a manner that is acceptable to all parties. An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and requirements related to UCP, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

– Access to Meals

Our Child Nutrition Supervisor will coordinate with district staff and administrators to provide access to grab and go meals for families either through our school sites or at a centralized location, depending on the condition of our facilities.

**ESTABLISHED EMERGENCY PARTNERSHIPS**

Students may need to enroll or be temporarily assigned to another site, school district, county office of education, or charter school due to disruption of learning from a natural disaster or emergency. Per the California Department of Education, “When a pupil is temporarily reassigned to another LEA outside of the school district in which the pupil’s parent(s) or guardian resides, then, notwithstanding any other law, that pupil shall be deemed to have complied with the residency requirements for attendance in the LEA that is temporarily serving the pupil pursuant to the ICP.”

## Presence of Immigration Enforcement

The Pacifica School District is committed to ensuring a safe and secure environment for all students and staff and protecting their rights. In the event of the confirmed presence of immigration enforcement on the schoolsite, the Pacifica School District will notify parents and guardians of pupils, teachers, administrators, and school personnel. The content and timing of such notification shall consider the safety and well-being of the pupils, employees, and community members of the schoolsite when determining when and how to issue the notification.

The notification may include a hyperlink to additional resources for families with information about their educational rights, state laws that protect parents' and students' privacy and confidentiality, and, if available, counseling or support services, which may include services that support families impacted by immigration enforcement, as well as model policies adopted by the Pacifica School District pursuant to Education Code § 234.7(g). No personally identifiable information shall be included in the notification.

The term "immigration enforcement" includes any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, and also includes any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry, or reentry to, or employment in, the United States.

### Board Policy 5145.13: Response To Immigration Enforcement

The Governing Board is committed to the success of all students and believes that every school site should be a safe and welcoming place for all students and their families irrespective of their citizenship or immigration status.

District staff shall not solicit or collect information or documents regarding the citizenship or immigration status of students or their family members or provide assistance with immigration enforcement at district schools, except as may be required by state and federal law. (Education Code 234.7)

No student shall be denied equal rights and opportunities nor be subjected to unlawful discrimination, harassment, intimidation, or bullying in the district's programs and activities on the basis of his/her immigration status. (Education Code 200, 220, 234.1)

The Superintendent or designee shall notify parents/guardians regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement. (Education Code 234.7)

Consistent with requirements of the California Office of the Attorney General, the Superintendent or designee shall develop procedures for addressing any requests by a law enforcement officer for access to district records, school sites, or students for the purpose of immigration enforcement.

Teachers, school administrators, and other school staff shall receive training regarding immigration issues, including information on responding to a request from an immigration officer to visit a school site or to have access to a student.

The Superintendent or designee shall report to the Board in a timely manner any requests for information or access to a school site by an officer or employee of a law enforcement agency for the purpose of enforcing the immigration laws. Such notification shall be provided in a manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

### Board Policy 1250: Visitors / Outsiders

The Governing Board believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish procedures which facilitate visits during regular school days. Visits during school hours should be arranged with the principal or designee. When a visit involves a conference with a teacher or the principal, an appointment should be scheduled during noninstructional time.

Any person who is not a student or staff member shall register immediately upon entering any school building or grounds when school is in session.

The principal or designee may provide a visible means of identification for all individuals who are not students or staff members while on school premises.

No electronic listening or recording device may be used by any person in a classroom without the teacher's and principal's permission. (Education Code 51512)

The Board encourages all individuals to assist in maintaining a safe and secure school environment by behaving in an orderly manner while on school grounds and by utilizing the district's complaint processes if they have concerns with any district program or employee. In accordance with Penal Code 626.7, the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

#### Presence of Sex Offender on Campus

Any person who is required to register as a sex offender pursuant to Penal Code 290, including a parent/guardian of a district student, shall request written permission from the principal before entering the school campus or grounds. As necessary, the principal shall consult with local law enforcement authorities before allowing the presence of any such person at school or other school activity. The principal also shall report to the Superintendent or designee anytime he/she gives such written permission.

The principal shall indicate on the written permission the date(s) and times for which permission has been granted. (Penal Code 626.81)

#### Board Policy 1340: Access to District Records

The Governing Board recognizes the right of members of the public to have access to public records of the district. The district shall provide any person reasonable access to the public records of the schools and district during normal business hours and within the requirements of law. Public access shall not be given to records listed as exempt from public disclosure in the California Public Records Act and other state or federal law.

In response to a public records request, the Superintendent or designee shall make reasonable efforts to locate the requested records, including, but not limited to, any electronic communication substantively related to the records, such as email, text messages, instant messages, and other electronic communications, regardless of whether they are transmitted through a district-provided device or account or through an employee's or Board member's personal device or account.

The district may charge for copies of public records or other materials requested by individuals or groups, unless they are using their own personal equipment to reproduce the record. The charge shall be based on actual costs of duplication, as determined by the Superintendent or designee and as specified in administrative regulation.

Public access shall not be given to records listed as exempt from public disclosure in the California Public Records Act or other statutes.

In order to help maintain the security of district records, members of the public granted access shall examine records in the presence of a district staff member.

#### Board Policy 5125: Student Records

The Governing Board recognizes the importance of keeping accurate, comprehensive student records as required by law. The Superintendent or designee shall establish administrative regulations governing the identification, collection, retention, and security of student records. These regulations shall ensure the rights of authorized persons to have timely access to student records while maintaining the confidentiality of student records consistent with state and federal law.

The Superintendent or designee shall designate a certificated employee to serve as custodian of records with responsibility for student records at the district level. At each school, the principal or a certificated employee shall be designated as custodian of records for students enrolled at that school. The custodian of records shall be responsible for implementing Board policy and administrative regulation regarding student records. (5 CCR 431)

All appropriate personnel shall receive training regarding district policies and procedures for gathering and handling sensitive student information.

The district shall not collect or solicit social security numbers or the last four digits of social security numbers of students or their parents/guardians, unless otherwise required to do so by state or federal law. (Education Code 49076.7)

No information or documents regarding the citizenship or immigration status of students or their family members shall be collected, except as required by state or federal law or as required to administer a state or federally supported educational program. The Superintendent or designee shall not disclose student records to a person, agency, or organization for immigration enforcement purposes without parental consent, a court order, or a judicial subpoena. If a district employee receives such a request, he/she shall immediately report the request to the Superintendent. The Superintendent shall report the request to the Board in a timely manner that ensures the confidentiality and privacy of any potentially identifying information. (Education Code 234.7)

The Superintendent or designee shall not compile a list, registry, or database based on students' national origin, ethnicity, or religious belief, practice, or affiliation, nor shall he/she disclose student information to federal government authorities for the purpose of compiling such a list, registry, or database for purposes of immigration enforcement. #### Student Records from Social Media

The Superintendent or designee may gather and maintain information from the social media of any district student, provided that the district first notifies students and parents/guardians about the proposed program, offers an opportunity for public comment at a regularly scheduled Board meeting, and gathers only information that directly pertains to school safety or student safety. (Education Code 49073.6)

#### Contract for Digital Storage, Management, and Retrieval of Student Records

The Superintendent or designee may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code 49073.1 and other applicable state and federal laws.
