

Keystone Science Center

1053 Soda Ridge Rd. Keystone CO80435 Telephone: 970 468 2098

Our classes are conducted outdoors in the rain or shine, and it is *essential* that each student comes prepared for all types of weather. We realize that it may be inconvenient to purchase the listed items, so we encourage you to borrow items that you do not own.

We want your child to stay warm and dry while they're on this trip. The weather in the mountains can change very quickly. Being at high altitude and in the elements all day make children tired. Being prepared for any type of weather ensures a happy experience. There are many times when classes are conducted through rain storms and snow! These items listed are necessary for all seasons. *Please label all your child's belongings, this helps if items are lost.*

Packing List

ESSENTIALS:

- ☒ Duffel Bag to hold all your stuff
- ☒ Packed lunch for Day 1
- ☒ A few snacks. (In a Ziploc bag with child's name written on. This bag must be kept in the common area not in the bedrooms to avoid attracting mice and chipmunks).
