1. Are there pictures of the devices available and/or can we come onsite to view the devices?

   The District does not have pictures available, and onsite visits are not an available option at this stage of the RFP process. However, please note that the District utilizes the Space Gray color option on the devices, and that you may review device specifications at Apple's official technical specifications page (see links below):

3. What does the District foresee will be the volume of pickups at the different schools?

   Pickups are scheduled on an as-needed basis for each location and occur regularly throughout the school year.

4. Did these devices go home with students? Or did they stay onsite?
