ATTENDANCE

We're Sprinting Through Spring!

As we move quickly through the last quarter, we want to remind our families that regular school attendance remains essential for student success. While seasonal allergies can be challenging at this time of year, our school nurses are well-prepared to support students with chronic conditions such as allergies and asthma, ensuring they remain safe and comfortable throughout the school day.

We also recognize that students sometimes face emotional or mental health challenges. Instead of missing school, we encourage families to take advantage of the support available on campus. Our counselors and staff are here to help students navigate stress, anxiety, and other concerns so they can remain engaged in a supportive environment.

Each school day provides important opportunities for learning, connection, and growth. Even occasional absences can add up and impact student progress over time. If your child or family needs additional support, please don't hesitate to reach out to your campus staff—we're here to help.

We are grateful for the continued dedication of our students, families, and teachers. Your commitment has kept our school community strong and focused. We're almost at the finish line! Thank you for your hard work and support as we Build Pearland Proud!

MARCH GJ HARRIS SCHOOL 2026 COUNSELOR newsletter

Monthly Focus:

The classroom counseling focus for the month of March will be Cooperation. The third trait for the Be Kind goal. We will also discuss Careers PK-2 and Test Taking Strategies and Testing Anxiety for 3rd - 4th.

BE KIND

Practicing Respect, Empathy, and Cooperation

BE KIND

Practicing Respect, Empathy, and Cooperation

Calm & Strong Kids Tip:

Grounding techniques help children manage anxiety and big emotions by using **sensory input** (sight, sound, touch, smell, taste) to focus on the present moment, calming their nervous system and making them feel safe. Effective methods include the 5-4-3-2-1 technique with their five senses. **5-4-3-2-1 Senses:** Ask your child to notice and identify 5 things they see, 4 things they can touch, 3 things they hear, 2 things they smell, and 1 thing they can taste.

COOPERATION

is working together to reach shared goals

COOPERATION Family Newsletter

Cooperation Overview

This month's focus is Cooperation. One way to think about Cooperation is "working together to reach shared goals." As a family, talk about how this definition applies to how you work together at home. What are some goals you share?

Cooperation is 1 of 3 traits we will focus on throughout the year that helps students **Be Kind**. Across grade levels, students will be developing skills like perspective-taking, conflict resolution, and leadership.

PurposeFull Pursuits

Have some fun connecting as a family this month while practicing Cooperation. Here are 2 "PurposeFull Pursuits" you can complete together!

#1 Cooperation is working together to reach shared goals. This week, plan a time where everyone needs to work together to accomplish a shared goal like cleaning up the space you live in or making a meal together. Make sure everyone has a role to play with specific tasks. When the project is complete, discuss and celebrate how each person's part was important to the end result.

#2 Find a time to sit in a circle together and celebrate all the ways you have seen each other practice Cooperation. Take turns sharing responses to the following prompts or make up your own! Remember to practice Cooperation as you take turns and listen to each other.

Celebration Prompts:

- What family member(s) do you want to celebrate for their Cooperation this month?
- What is 1 way you were a leader this month? What is 1 way you were a helpful follower this month?

Conversation Starters

- What does Cooperation mean in your own words?
- What is 1 way we can practice Cooperation as a family?
