The Facts

- Current attendance boundaries will remain in effect for the upcoming school year, **with the exception of those students who attend Mitchell ES.**
- **ALL** students currently enrolled at CPA, Sanders-Clyde, Memminger, and James Simons may remain at their current school through the last grade span at that school.
- The **new attendance boundaries will go into effect for ALL students for the 2027-2028 school year.**
- Our goal is that **all Mitchell students who live on the Peninsula are able to attend their first-preference school** on the Peninsula for the 2026-2027 school year.
- An extended School Choice window will open **March 1 - 31.** A specialized CCSD team will be connecting with all Mitchell families during this window to ensure they complete the process.
- Early Learning programs will be consolidated at CPA. ****Next year only, (2) 4K classes will remain at Memminger and Sanders-Clyde to allow for fewer transitions for our younger students. Current 3K students in a CCSD program AND who reside within that current attendance boundary will receive first priority.***
- James Simons, Memminger ES, and CPA will accept applications through the **extended Peninsula Promise School Choice window only for students residing on the Peninsula or currently attending Mitchell ES.**
