VANGUARD UNIVERSITY

Affidavit of Financial Support

Undergraduate International Student Application

International students are required to submit the Affidavit of Financial Support to Undergraduate Admissions. The United States government requires all international students to provide evidence of adequate financial support to cover costs of attendance for one full year of studies before Vanguard University can issue a formal offer of admission and the forms necessary to obtain a visa.

If supported by personal and/or family funds, submit this form with an original bank statement in U.S. currency reflecting bank balance availability of the total amount listed below. If sponsored by a government or other official agency, an official letter stating that the funding and/or scholarship is valid for use at Vanguard University must be submitted.

International students are not eligible for any financial aid, with the exception of institutional talent scholarships.
