

A GUIDE TO GRADUATION CORDS

Many members of the Arkansas City High School Class of 2026 proudly wear graduation cords they have earned through their involvement in school organizations that uphold both national standards and the school's defined eligibility criteria. These distinctions are awarded based on factors such as membership duration, active participation, academic excellence, leadership, mentorship, volunteerism, and community service. We are proud of these Bulldogs for representing their school by showcasing their dedication and talents, with graduation cords serving as a symbol of their commitment and achievements.
