Pennsylvania School Code Section 1337 prohibits schools from denying a school food program meal to any student who requests one when the student does not have the money (cash or funds in the student meal account) to pay for the meal at the time of service. Based on this change, schools may only withhold meals from a student if they receive written direction from a parent or guardian.

If you are interested in prohibiting your child from charging any meals at school, please provide this written directive to the Food Service Office.

My child,_____ may only purchase a school breakfast meal or a school lunch meal with cash or with funds from their school meal account. If there are no funds or cash available, he/she may not charge a meal thereby creating a negative school meal account balance. This shall remain in effect until I notify the Food Service Department otherwise.
