

Canutillo ISD P-TECH

Your fast track to a high school diploma, a college degree, and a career in law enforcement — all at no cost.

What Is P-TECH?

P-TECH (Pathways in Technology Early College High School) is a TEA-approved model that blends high school, college, and career training into one powerful pathway.

Earn a Diploma + College Degree

Graduate with both a high school diploma and an Associate Degree.

Gain Industry Certifications

Credentials that employers recognize and value from day one.

Build Real-World Experience

Work alongside professionals in your chosen field before you graduate.

Free College. No Debt. Real Credits.

"Graduate high school already halfway — or more — through college, debt-free."

60+ College Credits

Earn an Associate Degree through El Paso Community College while still in high school.

Partnered with EPCC

Courses are taught through a trusted, accredited community college right here in El Paso.

Zero Tuition Cost

Tuition and college fees are fully covered — no out-of-pocket expense for students or families.

A Career Path in Law Enforcement

Criminal Justice Pathway

Canutillo ISD's P-TECH focuses on **law enforcement and criminal justice** — one of the most in-demand career fields in the region.

"Start your career in law enforcement before you even graduate."

Learn from Local Agencies

Instruction from real professionals in real-world settings.

Start Your Career Early

Enter the workforce with experience, credentials, and a degree already in hand.

What is Criminal Justice?

**Interested in Law
Enforcement or Public
Service**

**First-Generation College-
Bound Students**

**Want a Clear, Structured
Career Path**

**Motivated to Earn College
Credit Early**

Key Program Features

Dual Credit Courses

College-level courses taught through El Paso Community College, counting toward both your diploma and degree.

Embedded Coaching

Academic and career coaches are built into the program — guiding you every step of the way.

Small Cohort Model

A tight-knit, supportive group where students learn together and hold each other accountable.

Career-Aligned Curriculum

Every course and experience is designed around what regional employers actually need.

Where Can P-TECH Take You?

Continue College
Transfer credits toward a bachelor's degree ahead of peers.

Enter the Workforce

Join law enforcement with degree and certifications.

Pursue Advanced Certifications

Specialize in criminal justice or public service credentials.

No matter which path you choose, you'll graduate ahead of your peers — with credentials, experience, and zero debt.

Common Questions Answered

Does it cost anything?

No. Tuition and college credits are fully covered for all enrolled students.

Is it only for top students?

No. P-TECH is built for committed students — not just those with perfect grades.

Can students still do sports or extracurriculars?

Yes. Unlike some early college campuses, students can stay involved in school life.

What happens after graduation?

You choose. Enter the workforce, continue college already ahead, or pursue advanced certifications.

The Fastest, Most Affordable Path to a Career

"Canutillo ISD's P-TECH program gives students the opportunity to graduate with a high school diploma, an Associate Degree from EPCC, industry certifications, and real-world experience in law enforcement — all at no cost."

60+

College Credits

Earned in high school, fully paid.

\$0

Tuition Cost

Free for all P-TECH students.
