

DAVARI SHIVERS

CRITICAL THINKER
THINKER

About Me

I'm 11 years old. I'm in the 6th grade. I'm really into sports, especially basketball and football, because I love being active and competing. When I'm not outside playing, I'm usually inside playing games like 2K26 or Madden 26 and trying to get better. I live with my mom, my dad, and my little sister, and our house is always loud. My sister is actually pretty funny sometimes and can make me laugh, but she can also be really annoying when she won't leave me alone. We also have a dog named Luna, and she follows me around. She always wants to play or sit next to me, which I don't mind most of the time but can also be really annoying.

I am an Critical Thinker when I

take my time when I do my work. I don't like to rush because I want to make sure I really understand what I'm doing. Sometimes it takes me longer than other kids, but that's because I think a lot before I answer. When I get a question, I try to look at it in different ways to figure out the best solution. Even if something seems easy, I still double-check my work. I ask questions when I'm confused because I want to know why something is right, not just guess. Thinking carefully helps me do better and make fewer mistakes. I'm proud that I take my time, because it shows I care about my work.

"Don't be afraid of failure. This is the way to succeed."

- LeBron James
