Principal/Dean News

Hello Families:

We hope you all had a wonderful and restful spring break! We are excited for a strong and successful remainder of the school year. This is always an important time as we continue learning, growing, and preparing for the final months ahead.

We would like to invite you to join us at our upcoming HFN meeting. These gatherings are a great opportunity to stay connected, hear about what's happening in our school, and share your ideas. Your involvement truly makes a difference in our school community, and we would love to see you there.

In addition, please keep an eye out for more information about the upcoming Hundred X Fundraiser organized by HFN. This is an exciting way to support our school without spending money. This will help us provide enriching opportunities for our students.

Thank you for your continued support and partnership.

Mr. Ohlson, Principal
Mr. Puls, Dean

THE HORIZONS WAY

NEWSLETTER

April 2026

Noticias del director/decano

Estimadas familias:

¡Esperamos que hayan disfrutado de unas vacaciones de primavera maravillosas y relajantes! Estamos muy entusiasmados por lo que queda del año escolar, que esperamos sea muy positivo y exitoso. Este es siempre un momento importante, ya que seguimos aprendiendo, creciendo y preparándonos para los últimos meses que nos esperan.

Nos gustaría invitarlos a que nos acompañen en nuestra próxima reunión de HFN (Red Familiar de Horizons). Estas reuniones son una gran oportunidad para mantenernos en contacto, enterarnos de lo que está sucediendo en nuestra escuela y compartir sus ideas. Su participación realmente marca la diferencia en nuestra comunidad escolar, y nos encantaría verlos allí.

Asimismo, estén atentos a más información sobre la próxima recaudación de fondos «Hundred X» organizada por HFN (Red Familiar de Horizons). Esta es una forma interesante de apoyar a nuestra escuela sin gastar dinero. Esto nos ayudará a brindar oportunidades enriquecedoras para nuestros estudiantes.

Gracias por su continuo apoyo y colaboración.

Sr. Ohlson, Director
Sr. Puls, Decano

Appleton Area School District

Summer School 2026: Horizons Elementary

June 9 – July 3 (No classes on June 19)

Daily Schedule

8:00–8:30 AM — Free Breakfast

8:30–11:30 AM — Summer School Classes

11:30 AM–12:00 PM — Free Lunch

11:30 AM–5:30 PM — YMCA after care: to enroll, schoolage@ymcafoxcities.org

Contacts

School Site Coordinator: Samantha Meulemans • meulemanssaman@asas.k12.wi.us

Coordination Specialist: Karrie Kadolph • kadolphkarrie@asas.k12.wi.us

Summer School Director: Todd Kadolph • kadolphtodd@asas.k12.wi.us

Summer School Office: (920) 852-5332

Registration Details

Current AASD Students & Returning Private School Students

- Families will receive an email or message on the parent portal on **April 13** with assigned summer school site access.
- Enrollment will be open to the school the student will attend the next school year.
- Private school students will have access to their previous summer school site.
- To request a different site, please contact kadolphkarrie@asas.k12.wi.us or call (920) 852-5332.

New Private School Students

- Families should complete the registration form on the next page and return to the school you'd like the student to attend.

Course Registration Opens: April 20

- Families register through the **Infinite Campus Parent Portal:** <https://portal.asas.k12.wi.us>
- Student's finalized schedules and fees will also be available for viewing in the Portal within one week after registering the student.
- Fees may be paid online, also through the portal.
- Online registration will close on June 1st; however, registration forms may be dropped off at the school site after that time.

Need help logging in? Contact the Helpdesk: helpdesk@asas.k12.wi.us • (920) 852-5555 ext. 63159.

Class Offerings

Students should enroll in classes for the grade they will enter next fall.

8:30AM - 9:30AM Class (grade next fall)	9:30AM – 10:30AM Class (grade next fall)	10:30AM – 11:30AM Class (grade next fall)

Help Shape Opportunities for Students with Disabilities

Join Our Parent Advisory Council

The Appleton Area School District Special Education Parent Advisory Council (PAC) is a group of parents, caregivers, and community members who support and advocate for students with disabilities who work together with district staff to strengthen opportunities for students across our schools.

The purpose of the council is to expand opportunities for students with disabilities, promote inclusion, and serve as a forum for families and supporters to share ideas and perspectives. The group also works to connect families with learning opportunities and resources that support students and their families.

We are currently welcoming new members who are interested in helping shape programs, events, and supports for students with disabilities in AASD. The council meets once per month for about one hour.

Through the work of this group, families and staff have collaborated to:

- Develop parent education sessions
- Host our annual Food Truck Rally
- Raise funds to bring the Arts for All League to AASD
- Begin efforts to expand communication boards and adaptive playground equipment at schools across the district

If you are interested in helping support and improve opportunities for students with disabilities in AASD, we would love to have you join us.

Please reach out to Amy Steiner, Executive Director of Special Education, at steineramy@aasd.k12.wi.us for more information.

FROM THE SCHOOL NURSE: Screen Time and Your Child

“Screen Time” refers to activities that are done in front of a digital screen, such as watching television, playing a video game or using an iPad or smartphone. Most American children spend between 5-7 hours a day on screens, with 3 of those being watching television. **Experts recommend that screen time be limited to 1-2 hours per day.** We understand that playing outside in cold temperatures can be more work, but with the proper clothing/attire, student's health can be improved by playing outside in the winter months. The fresh air, full body movements, and sunshine help to boost immunity during cold/flu season.

Too much screen time has been linked to many negative health outcomes, including:

- Difficulty sleeping
- Poor attention span, anxiety and depression
- Behavioral problems and aggression
- Obesity and cardiovascular problems

The widespread prevalence of screens and our increasingly digital culture makes it difficult for parents to control the amount of screen time their children have. Here are a few tips for reducing screen time:

- **Limit your own screen time. Children learn by observation. Model this behavior yourself!**
- Prioritize homework, chores, (non-digital) socialization and free play.
- Set limited viewing times and remove devices and TV's from bedrooms.
- Turn off screens during dinner, bedtime and homework.
- Don't leave the TV on in the background.
- Give consequences for violating rules.

Teaching Appropriate Behavior and Online Literacy: Eliminating all digital media may not be possible, but you can talk with your child about appropriate online behavior. Explain what's allowed and what's not, such as cyberbullying, sending/receiving inappropriate photos and sharing personal information online. Teach your child not to send or share anything online that he or she would not want everyone to see. Be sure that you are monitoring everything your child is doing online. Teach your child that not everything they see on the internet is accurate. Show them how to tell which websites are credible and while are not.

Managing screen time will be a constant challenge, but setting limits while children are young can help them learn a healthy balance as they grow.

HEALTH SERVICES * P.O. Box 2019, Appleton, WI 54911 * 920-852-5344

DESDE LA ENFERMERA ESCOLAR: Tiempo frente a la pantalla y su hijo

"El tiempo frente a la pantalla" se refiere a actividades realizadas frente a una pantalla digital, como ver televisión, jugar videojuegos o usar un iPad o teléfono inteligente. La mayoría de los niños estadounidenses pasan entre 5 y 7 horas al día frente a pantallas, de las cuales 3 son dedicadas a ver televisión. **Los expertos recomiendan limitar el tiempo frente a la pantalla a 1-2 horas al día.** Entendemos que jugar afuera en temperaturas frías puede ser más difícil, pero con la ropa adecuada, la salud de los estudiantes puede mejorar al jugar al aire libre durante los meses de invierno. El aire fresco, los movimientos de todo el cuerpo y la luz solar ayudan a fortalecer la inmunidad durante la temporada de resfriados/gripes.

Un exceso de tiempo frente a la pantalla se ha relacionado con diversos resultados negativos para la salud, que incluyen:

- Dificultades para dormir
- Baja capacidad de atención, ansiedad y depresión
- Problemas de comportamiento y agresividad
- Obesidad y problemas cardiovasculares

La prevalencia generalizada de pantallas y nuestra cultura cada vez más digital dificulta que los padres controlen la cantidad de tiempo que sus hijos pasan frente a ellas. Aquí hay algunos consejos para reducir el tiempo frente a la pantalla:

- **Limita tu propio tiempo frente a la pantalla. Los niños aprenden observando. ¡Modela este comportamiento t mismo!**
- Prioriza las tareas escolares, las responsabilidades domésticas, la socialización (no digital) y el juego libre.
- Establece tiempos limitados para ver pantallas y retira los dispositivos y televisores de las habitaciones.
- Apaga las pantallas durante la cena, la hora de dormir y cuando se esté haciendo la tarea.
- No dejes la televisión encendida como fondo.
- Establece consecuencias para quienes violen las reglas.

Enseñar Comportamiento Apropiado y Alfabetización en Línea: Eliminar todos los medios digitales puede no ser posible, pero puedes hablar con tu hijo sobre el comportamiento en línea adecuado. Explica lo que está permitido y lo que no, como el ciberacoso, enviar/recibir fotos inapropiadas y compartir información personal en línea. Enséñale a tu hijo a no enviar ni compartir nada en línea que no quisiera que todos vieran. Asegúrate de estar monitoreando todo lo que tu hijo hace en línea. Enséñale a tu hijo que no todo lo que ven en internet es preciso. Muéstrales cómo identificar qué sitios web son creíbles y cuáles no.

Gestionar el tiempo frente a la pantalla será un desafío constante, pero establecer límites mientras los niños son jóvenes puede ayudarles a aprender un equilibrio saludable a medida que crecen.

Success for
Every Student,
Every Day

Project ADAM
SAVES LIVES

Heart Safe School Designation Letter to School Community

Dear Community,

Horizons Elementary School is pleased to inform you that we have joined a community effort to implement a sustainable and comprehensive CPR and AED program. This decision is the result of our wish to make our buildings safe for our students, visitors and employees.

Sudden Cardiac Arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating, cutting off blood flow to the brain and other vital organs. SCA is fatal if not treated immediately. Having access to an AED as well as having a written plan and a team of CPR/AED-trained staff ready to act in an emergency can save the life of someone suffering a SCA during those critical first few minutes. Through our cooperative efforts with **Project ADAM** and **Children's Hospital of Wisconsin**, we have joined hundreds of schools throughout the state of Wisconsin and beyond in preparing our school for a life-threatening emergency. This program enables us to offer any person who may experience a Sudden Cardiac Arrest during regular school hours, the best chance for survival.

Horizons currently has an AED in the building. The AED is stored in a wall cabinet. When the cabinet door is opened, a loud alarm will sound. This alerts everyone that there is a potential emergency. Our school has a maintenance plan in place for the units. The AEDs are designed to work effectively unless they are tampered with. Additionally, the AED will not shock a person unless it detects a shockable rhythm (ventricular fibrillation).

Staff has been trained to assist with an emergency during regular school hours. After school hours and during the summer, this is a Public Access Defibrillation (PAD) program. If you suspect someone is experiencing a Sudden Cardiac Arrest, please feel free to use the equipment at our school. Good Samaritan laws protect the layperson in a life-saving attempt, although we recommend becoming trained in CPR/AED use as an investment in your health and the health of others. Our local Emergency Medical Services and AASD Medical Director are aware of our procedures for the program.

"Project ADAM is a national, non-profit organization committed to saving lives through advocacy, education, preparedness and collaboration to prevent sudden cardiac death. Our affiliate programs improve the cardiac chain of survival in schools and communities in memory of Adam Lemel, a 17-year-old Whitefish Bay, WI, high school student who collapsed and died while playing basketball at school."

Many thanks for your participation in this important Heart Safe initiative in our school. To see our school on the Project ADAM map, visit www.projectadamwi.com.

Sincerely,

AASD District Nursing Staff
